Warhurst,Chris Mathieu,Rachel E. Dwyer,2022-05-26 The aim of this Handbook is to produce an interdisciplinary and
international benchmark text for anyone wanting to understand job quality Job quality matters and has long and continually
done so even if the terminology used to describe it has and continues to vary Debate about the future of work and job quality
in the twenty first century centres on the impact of the new digital technologies of the putative fourth industrial revolution
This debate compounds existing concerns about the restructuring of employment and importantly a worrying proliferation of
poor quality jobs often within the context of neo liberal political economic hegemony since the early 1980s or the economic
crisis that followed the Global Financial Crisis of the late 2000s Job quality is offered as a solution to challenges such as
health welfare productivity innovation economic competitiveness democracy and democratic participation Bildung cultivation
societal equality individual and collective quality of life and environmental sustainability As job quality is a key factor in
addressing these and the other challenges it needs to be understood in all its complexity in terms of what it affects as well as
what affects it This Handbook draws together into a single volume first an explicit focus on job quality both as a significant
factor in and of itself and as producing instrumental effects on a range of other processes and outcomes second a catalogue
of the diverse range of multiple contributions and applications related to job quality and third the complexity and multiple
interpretations of the concept of job quality Each chapter provides distinct responses to the question of why job quality
matters coupled to a contention about for whom or for what job quality matters most As the chapters with their respective
answers and arguments attest there are a range of ways in which job quality is relevant to an equally broad range of social
economic and political concerns **The Commercial & Industrial Manual of the Philippines** .. ,1938 **Monthly**
