Mary S Bodily Assumption:

Mary's Bodily Assumption Matthew Levering, 2014-11-24 In *Mary's Bodily Assumption* Matthew Levering presents a contemporary explanation and defense of the Catholic doctrine of Mary's bodily Assumption. He asks: How does the Church justify a doctrine that does not have explicit biblical or first-century historical evidence to support it? With the goal of exploring this question more deeply, he divides his discussion into two sections: one historical and the other systematic. Levering's historical section aims to retrieve the rich Mariological doctrine of the mid-twentieth century. He introduces the development of Mariology in Catholic Magisterial documents focusing on Pope Pius XII's encyclical *Munificentissimus Deus* of 1950 in which the bodily Assumption of Mary was dogmatically defined and two later Magisterial documents: *Vatican II's Lumen Gentium* and Pope John Paul II's *Redemptoris Mater*. Levering addresses the work of the neo-scholastic theologians Joseph Duhr, Alo's Janssens, and Reginald Garrigou Lagrange before turning to the great theologians of the *nouvelle théologie*: Karl Rahner, Hans Urs von Balthasar, Louis Bouyer, Joseph Ratzinger, and their emphasis on biblical typology. Using John Henry Newman as a guide, Levering organizes his systematic section by the three pillars of the doctrine on which Mary's Assumption rests: biblical typology, the Church as authoritative interpreter of divine revelation under the guidance of the Holy Spirit, and the fittingness of Mary's Assumption in relation to the other mysteries of faith. Levering's ecumenical contribution is a significant engagement with Protestant biblical scholars and theologians; it is also a reclamation of Mariology as a central topic in Catholic theology.

Mary in the Christian Tradition Kathleen Coyle, 1996 Sr. Kathleen searches for and develops a Marian theology very much in tune with today's issues and attitudes. She reflects on Marian symbols and traditional images, hoping the Church can reclaim Mary as a woman of faith, a model disciple proclaiming a song of liberation for the poor and oppressed of our world today.

Norse-Icelandic "Maríu saga" in Its Manuscript Contexts Daniel C. Najork, 2021-02-08 *Maríu saga*, the Old Norse Icelandic life of the Virgin Mary, survives in nineteen manuscripts. While the 1871 edition of the saga provides two versions based on multiple manuscripts and prints significant variants in the notes, it does not preserve the literary and social contexts of those manuscripts. In the extant manuscripts, *Maríu saga* rarely exists in the codex by itself. This study restores the saga to its manuscript contexts in order to better understand the meaning of the text within its manuscript matrix: why it was copied in the specific manuscripts, it was, and how it was read and used by the different communities that preserved the manuscripts.

Imagining Mary Daniel Rancour-Laferrrière, 2017-11-15 *Imagining Mary* breaks new ground in the long tradition of Christian mariology. The book is an interdisciplinary investigation of some of the many Marys East and West from the New Testament Mary of Nazareth down to Our Lady of the Good Death in the twentieth century. In *Imagining Mary*, Professor Rancour-Laferrrière examines the mother of God in her multireligious and pan-historical context. The book is a scholarly study

but it is written in a clear straightforward style and will be comprehensible to an educated and above all intellectually curious general audience It will appeal to anyone who has ever wondered for example about the flimsy scriptural basis of many beliefs about Mary or the tendency of many mariologists to depict Mary as an incestuous bride of Christ or the theological notion of Mary's loving consent to her son's crucifixion or the idea that Mary was a priest officiating at the sacrifice of her son or the unfortunate association of Mary with Christian anti semitism or the curious appeal of Mary to the terminally ill and so on Special attention is given to the psychology of representations of Mary such as the psychological basis for promoting Mary to the status of a goddess the psychology of Mary's compassion for her son at the foot of the cross and the psychological conflict in Mary's personal relationship with her son Jesus These topics are admittedly diverse but they all have long been on the minds of mariologists The author takes a questioning approach to received wisdom about marian themes including the assumption that one has to be a theist in order to understand the great appeal of Mary down the centuries Indeed Imagining Mary may be regarded as a first step in the direction of an atheist mariology

Mary in Protestant and Catholic Theology Thomas F. O'Meara, 1966 **The Assumption of Our Lady and Catholic Theology** Raymond Winch, Victor Bennett, 1950 The authors of this book after an examination of the history of the belief and of the arguments advanced for defining the Assumption base their objections to a definition upon accepted premisses of Roman Catholic theology They also discuss the present position of the cult of Our Lady in the Roman Church as well as the effects which a definition of the Assumption might have upon the work of achieving Christian unity It is as important a characteristic of the book that it is written from a Roman Catholic point of view Ancient Traditions of the Virgin Mary's Dormition and Assumption Stephen J. Shoemaker, 2002 The ancient Dormition and Assumption traditions are a collection of over sixty different narratives preserved in nine ancient languages that commemorate the end of the Virgin Mary's life These traditions have long been overlooked by scholars of early Christianity no doubt largely because this complicated corpus was insufficiently well known The present study aims to remedy this situation with a detailed analysis of the earliest traditions of Mary's death including liturgical and archaeological evidence as well as the numerous narrative sources Several of the most important narratives are translated in appendices many appearing in English for the first time The book will be of interest to all scholars of early Christian literature **A Manual of the History of Dogmas: The development of dogmas during the patristic age, 100-869 ; T. 02.
