

Ms. Ballard's 6th Grade English Language Arts Final Exam Study Guide

1. Citing Evidence:

- State the idea you had about the text (if you are responding to a specific question, be sure your idea restates the question). Now give supporting **evidence** from the text. To **cite** explicitly, paraphrase or use quotes from the text. If you use direct quotes from a text, you must use quotation marks.
- But what **does** the teacher **mean** about **citing textual evidence**? Let's answer that question next. ... This **means** that you quote, paraphrase, and/or summarize the author's words to support your points. In a quotation, you repeat an author's idea word for word and surround it by quotation marks.

2. Connotative/Dennotative Meanings of words:

- Understanding a word's literal (denotative) and suggestive (connotative) meanings is important for every speaker and writer. There are certain circumstances when you might want to deliberately use a word that carries less than a positive connotation; however, you may want to avoid mistakenly using a word with a negative or misleading connotation.

Below are groups of words which are often used to describe people. What are the connotations of the words?
