Voltaire, 2009-04 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work Constructing the Image of Muhammad in Europe Avinoam

Shalem, 2013-06-26 the volume represents a significant contribution to the complex history of the conceptualization and pictorialization of the Prophet Muhammad in the West It gives a rapid and though deep overview of the history of the making of an image of the Prophet Muhammad in Europe and thus reflects the whole history of the making of the image of Islam in the Latin West from the early medieval times till the 19th century The book also provides the reader with ready access to the most recent scholarship concerning the image of Muhammad in Europe in the form of comprehensive footnotes provided throughout the text and an extensive bibliography Faces of Muhammad John Tolan, 2025-03-04 Heretic and impostor or

reformer and statesman The contradictory Western visions of Muhammad In European culture Muhammad has been vilified as a heretic an impostor and a pagan idol But these aren t the only images of the Prophet of Islam that emerge from Western history Commentators have also portrayed Muhammad as a visionary reformer and an inspirational leader statesman and lawgiver In Faces of Muhammad John Tolan provides a comprehensive history of these changing complex and contradictory visions Starting from the earliest calls to the faithful to join the Crusades against the Saracens he traces the evolution of Western conceptions of Muhammad through the Reformation the Enlightenment and the nineteenth and twentieth centuries and up to the present day Faces of Muhammad reveals a lengthy tradition of positive portrayals of Muhammad that many will find surprising To Reformation polemicists the spread of Islam attested to the corruption of the established Church and prompted them to depict Muhammad as a champion of reform In revolutionary England writers on both sides of the conflict drew parallels between Muhammad and Oliver Cromwell asking whether the prophet was a rebel against legitimate authority or the bringer of a new and just order Voltaire first saw Muhammad as an archetypal religious fanatic but later claimed him

as an enemy of superstition To Napoleon he was simply a role model a brilliant general orator and leader The book shows that Muhammad wears so many faces in the West because he has always acted as a mirror for its writers their portrayals revealing more about their own concerns than the historical realities of the founder of Islam **Muhammad in Europe** Minou Reeves, P. century Austria nineteenth century Russia and twentieth century America The book challenges those scholars who do not see Orientalism as problematic and tend to ignore the role of musical representations in shaping the image of the Other within a wider interdisciplinary study of knowledge and power     *Catalogue of Printed Books* British Museum,1892     *Catalogue of the Barton Collection, Boston Public Library* Boston Public Library.
