Classrooms Amy J. Heineke, Aimee Papola-Ellis, 2022 Learn how to put children s diverse and storied experiences at the center of the curriculum Schools are more diverse than ever before but the texts and materials that typify classroom curricula continue to prioritize so called mainstream stories and perspectives These canonical texts often exclude the nuanced identities and rich lived experiences of the very children sitting in today s classrooms But kids thrive when they see themselves in texts and learn about the world around them by connecting with the experiences of others Based on the authors work with elementary school teachers over the last decade this resource offers strategies for moving away from canonical texts The authors present a four part framework for selecting using and engaging students with texts that promote children s identity development literacy engagement and comprehension and learning across the content areas The practical text provides guidance for setting learning goals that align with relevant standards and curricular directives as well as classrooms examples teaching strategies and reflective questions Book Features An actionable way for teachers to move from theory to practice using what we know about culturally relevant practice and critical literacy to create instruction that enhances children s classroom experiences and learning An inclusive and intersectional approach that supports all teachers

in enhancing their classroom libraries and curricular resources for the benefit of all students Specific ideas for texts and authors as well as more generalizable themes and ideas that will guide future exploration and use of texts in classrooms Tangible strategies and rich classrooms examples from 20 expert teachers spanning diverse elementary school settings Reflective questions to help practitioners personalize the content to their own contexts **Don't Forget to Share** Leah Mermelstein, 2007 I'm certain that you'll feel excited to try out the different kinds of share sessions that Leah discusses and that she will give you the know how and confidence you'll need to be successful Carl Anderson Author of Assessing Writers Traditionally the writing workshop is a three part framework a minilesson writing time and a share session Because much attention has been given to lessons and conferencing the share session has sometimes seemed like an afterthought rather than an opportunity for children to look closely at their writing process and discuss it with others No more With Don't Forget to Share Leah Mermelstein helps you recognize the importance of this aspect of the workshop and shows you ways to get maximum instructional impact from it Don't Forget to Share is the first book to take on the share session in depth revealing why it's essential to the success of writing workshop Mermelstein presents insight and smart ideas for conducting share sessions that honor and reinforce individual kids' accomplishments while at the same time offering them a safe way to get input from other writers From setting up share sessions to facilitating them she presents shares that promote rich conversations that support students' improvement in four specific areas of writing content craft process progress With in action transcripts of teachers and students helpful tips for working with English language learners and struggling writers suggestions for matching children to share activities and samples of effective teaching language Don't Forget to Share has everything you need to not only invest your teaching time in share sessions but to make them work for you and your students So if you're looking for a new way to ramp up the power of your writing workshop take the advice of Leah Mermelstein and Don't Forget to Share Conferring with Readers Gravity Goldberg, Jennifer Serravallo, 2007 Conferring with Readers shows you how to confer well and demonstrates why a few moments with students every week can put them on the path to becoming better more independent readers **Scrittori e scrittrici in cammino alla primaria con il WRW - Writing and Reading Workshop** Michela Griggio, Loredana Semperlotti, 2024-02-13 Il volume spiega come strutturare un laboratorio di scrittura nella scuola primaria secondo i principi del WRW Writing and Reading Workshop il metodo che trasforma le classi in veri e propri laboratori offrendo indicazioni e materiali operativi da utilizzare in classe Il metodo del Writing and Reading Workshop fornisce interessanti spunti agli insegnanti per mettere in pratica un approccio all'insegnamento della lettura e della scrittura in modo del tutto innovativo promuovendo già a partire dai primi anni della scuola primaria il piacere della lettura e della scrittura nei bambini e nelle bambine Il volume Scrittori e scrittrici in cammino alla primaria con il WRW Writing and Reading Workshop interamente dedicato al processo di scrittura che viene spiegato attraverso alcune tra le principali tipologie testuali generalmente trattate nella scuola primaria organizzato in 11 capitoli Un
