This third volume in the series contains 7 essays on John Calvin and his thought It includes a chapter on his view of origins several studies on hermeneutics and method essays on rights liberty and resistance along with an essay on Calvin and the family concluding with a number of assessment of his work and influence Essays on Being Reformed Dirkie Smit, 2009-12-01 What does it mean to be Reformed Christians in the world today and in Africa and South Africa What does it mean to commemorate the legacy of John Calvin 1509 1564 after 500 years in a modern world characterised by democracy by popular notions of human dignity and human rights by worldwide struggles for individual freedoms and for social justice by a global economy in crisis when social historians argue about the lasting contribution of Calvin and his followers precisely with respect to all these modern phenomena The 28 essays by Dirkie Smit selected for this volume deal with such questions **Union with Christ** Sung Rual Choi, 2023-11-13 Understanding union with Christ as a frame of thought as a motif or theme is important for accessing Calvin's theology While the union with Christ doctrine arises when Calvin explains the doctrine itself directly especially in light of soteriology the strong presence of this motif union with Christ union with the Triune God indicates its pervasiveness when other doctrines or theological themes are explained as well This book suggests that we approach the notion of union of Christ as a theological frame of thought that touches on most of the doctrines and theological themes of Calvin's theology This book deals with union with Christ as a motif or theme rather than as a doctrine **Dictionary of** Ethics, Theology and Society Paul A. Nadia Marais, 2023-10-09 What does it mean to flourish Human flourishing lies at the heart of the good news of the gospel and yet contemporary theologies know not only one way of speaking about what it means to flourish If we embed our theological grammars of flourishing in the doctrine of salvation as the doctrine in which theological flourishing talk is arguably rooted and from which rich fruit may be borne there is not one but various ways in which to speak about what it means to flourish Yet what governs our speaking Why do we speak of flourishing as we do The various conceptions of human flourishing that are outlined in this book piety joy and comfort being fully alive healing and dignity grace happiness and blessing represent a collection of attempts not only to imagine human flourishing but also to imagine ways of speaking about human flourishing Perhaps what theology could offer to the vibrant and robust conversations on human flourishing lies exactly in the reminder to take care about how we speak about that which is truly and deeply human our longing to flourish Faith and Philosophy Henry Boynton Smith, 1877

Tyra, 2024-02-22 This book claims that John Calvin developed Greek doctrines of the interim state of souls resurrection and beatific vision through his reading of ancient Christian sources like Irenaeus of Lyons Greek had been a technical term in Western theology since at least the 12th century to denote heterodox eschatology Thomas Aguinas had employed it in that sense and early modern Catholics like Robert Bellarmine and Pierre Coton in turn applied it to Calvin The book demonstrates that in this respect at least Calvin's opponents were correct he was a Greek However it questions whether that fact should lead modern theologians to dismiss him as a resource for contemporary reflection Calvin's deep respect for and continuity with early Christian voices may serve as a positive model for theologians today particularly in the Reformed tradition By the same token Reformed thinkers who seek inspiration from medieval scholasticism may find their relationship to Calvin complicated by the case presented here **Index Catalogue of** the Townhead District Library Glasgow (Scotland). study of religions in Britain in the nineteenth and twentieth centuries It covers an important period in the history of religions in Britain a period of challenge to religion and a period of change in the religious map of Britain Each author is a specialist in a particular aspect if this history and there are extensive bibliographies The book demonstrates how pluralistic the map of religion has been in Britain thereby challenging the view that Britain is and has been a predominantly single religion country This religious pluralism is shown to apply within the Christian religion as much as to those movements outside Christianity There are six contributors Dr Sheridan Gilley Durham Rev Ieuan P Ellis Hull Professor Anthony O Dyson Manchester Dr Kim Knott Leeds Dr David Hempton Belfast Dr Kenneth A Thompson The Open University Index Catalogue of the Pollokshields District Library Pollokshields District Library, 1909 The Expository Times ,1898 The Expository Times James Hastings, Ann Wilson Hastings, Edward Hastings, 1898 "A" Dictionary of the English Language Robert Gordon Latham, 1876
