A Beginner's Guide to Writing Minecraft Plugins in JavaScript Walter Higgins,2015-04-10 The book is for anyone who wants to learn how to modify Minecraft no previous programming experience required The book uses JavaScript a popular programming language for creating websites and scripting Aimed at kids who already play Minecraft this guide will teach coding through a series of Recipes the term used in game when crafting new objects For example in the game one of the first things any player must do is create a Workbench or Crafting Table which will in turn enable the player to create sophisticated tools Recipe 1 in the book the term Recipe and Chapter is interchangeable is A modding Workbench and its ingredients are the tools the reader will need to begin modding The goal of each Recipe chapter is to introduce a new JavaScript concept or expand upon a previously introduced concept The author will present each recipe as a useful addition to the game while gently introducing programming concepts in an approachable style This unique approach gets over the problem of introducing JavaScript in an interesting way and avoids spending 3 or 4 chapters explaining JavaScript core concepts in a vacuum Several Recipes will be covered including Rolling Dice Snowball Fight Piggie Pandemonium Advanced Modding and more

new games you may want to consider starting in peaceful mode A new player may also wish to enable the Bonus Chest option which gives you a few resources to start off with but this tutorial assumes you do not have a bonus chest It is entirely possible for your character to die in this game but that doesn't end the game indeed it's mostly an inconvenience If you take enough damage to die your possessions fall where you died and your character respawns elsewhere By default you respawn at a random spot within 20 blocks of the world spawn exactly as you did when starting the game Using a bed lets you pick a specific spot to respawn this is an important step and beds are mentioned several times in this guide Once you respawn you have 5 minutes to get back to where you died to retrieve your items before they disappear Unfortunately this isn't always an option If you fell into lava at least some of your items probably burned up in the lava and if your death site is still guarded by the monster that killed you or your items have fallen into the depths you might not be able to retrieve them
