*The Mind Control Manual of Dantalion Jones* Dantalion Jones, 2011-01-10 Do you think there are any special skills to being happy What would you teach if you had your own followers Within this book you ll get the answers to those two questions via a simple set of exercises and meditations You see it s not like you re being asked to start a cult any time soon It s just that there are some very useful tools that anyone can use to gain a noticeable amount of happiness The truth is that if EVERYBODY used these mental tools people would be happier more good things would get done and the world would be a nicer place But that is perhaps asking too much What you get in this little manual are exercises and meditations the author has used to feel better about life and gain more control over every aspect of life In other words these are useful exercises that you can use every day and feel better as a result No one is telling you to go out and start your cult but if you

were to these would be great positive exercises and teachings that would make people look at you with awe and wonder Teach people these exercises and you re bound to find a few smart people who see you as wiser than King Solomon Inside The Mind Control Manual you get The four things you ll need to value to be forever happy You ll learn why most people aren t happy The answer is It s hard work You ll learn how to wake up looking forward to the day You ll learn why most people hate themselves and how to over come it You ll learn how to communicate with a future you who has accomplished it all so that you can get good advise You ll learn how to change past events so they will never drag you down no matter how terrible they may have been You ll learn how to focus your thoughts so that you are filled with energy instead of having to battle anger and frustration and more No you don t have to start a cult but if you did you could start here These are nice kind exercises in mind control that you should use on yourself and teach to as many people as possible

*Mind Control - An Owner's Manual for the New Human Being* Michael Mathiesen,2024-12-20 Mind Control is the first Owner s Manual that will help usher in a new species of human being a species who will respect their home planet and put it first above all other priorities I call him Homo Planetae or Man of the Planet Homo Sapiens or the Wise Man is no longer viable since it is this species that has brought us to the

edge of extinction and the total destruction of this planet's habitat something no other creature in history has been so careless and greedy to do. We did that. Through your increased abilities of using your mind or Mind Control as this author defines it, we still have a chance to redeem ourselves and save this planet, but time is of the essence and is rapidly running out. In this book, you will find the new rules of our future evolution, some mind control exercises that will make you more in charge of your life and ways to turn us away from our current path towards the precipice, oblivion, the cliff. It's not out of the question, but every day we put off joining the growing list of people who know about Mind Control and the Owner's Manual, the greater are the chances that we may be able to save ourselves. All future generations will thank us, but only if YOU show you are part of us. Be warned: Remedies and strategies included here are extremely difficult, and most of you will fail in your first attempts. Later, if you are strong-willed enough, but only if you care enough, you will refer back to this book and try, try again. It is this part of the human spirit, the irrepressible, the indefatigable, the brave and courageous souls who will save the day.
