Department of Basic Education,2016 **An Ambulance on Safari** Melissa Diane Armstrong,2020-10-22 During the apartheid era thousands of South African political activists militants and refugees fled arrest by crossing into neighbouring southern African countries Although they had escaped political oppression many required medical attention during their period of exile An Ambulance on Safari describes the efforts of the African National Congress ANC to deliver emergency healthcare to South African exiles and in the same stroke to establish political legitimacy and foster anti apartheid sentiment on an international stage Banned in South Africa from 1960 to 1990 the ANC continued its operations underground in anticipation of eventual political victory styling itself as a government in waiting In 1977 it created its own Health Department which it presented as an alternative medical service and the nucleus of a post apartheid healthcare system By publicizing its own democratic policies as well as the racist practices of healthcare delivery in South Africa the Health Department won international attention for its cause and provoked widespread condemnation of the apartheid state While the global campaign was unfolding successfully the department s provision of healthcare on the ground was intermittent as patients confronted a fledgling medical system experiencing various growing pains Still the legacy of the department would be long as many medical professionals who joined the post apartheid Department of Health in South Africa had been trained in exile during the liberation struggle With careful attention to both the international publicity campaign and on the ground medical efforts An Ambulance on Safari reveals the intricate and significant political role of the ANC s Health Department and its influence on the anti apartheid movement Annual Report to the National Assembly for the Financial Year Ended ...
