

## Case Study on ISSA's Ukraine Response

### *Mind the gap: Ensuring early childhood workforce's capacity to support children in times of crisis*

Recent emergencies, like the COVID-19 pandemic and the war in Ukraine, have clearly shown how much our societies are vulnerable and exposed to risks and threats without adequate protective and coping mechanisms in place. This is also very true for the early childhood system<sup>1</sup> which has struggled to ensure all children have the best conditions to thrive. The early childhood workforce is one of the main players in this system and despite its pivotal role, has long suffered from a lack of adequate recognition and support. This case study highlights the responsibility of the early childhood system to create conditions which enable early childhood professionals and practitioners to be adequately prepared and equipped for their role, by looking at the endeavours of the International Step by Step Association (ISSA) in strengthening the capacity of the early childhood workforce in response to the war in Ukraine.

Dissertation Abstracts International ,1991      The Eucharist as Orikonso Damian Onwuegbuchulam Eze,2008 In this book the author relying on the research he carried out in Igboland Nigeria leads us to see the action of God's grace already active in the Igbo religious culture called Omenala Ndigbo before the coming of Christian missionaries and how these cultural values have prepared the people to receive the Gospel But as he points out these cultural values on which the Christian message ought to have been built from the beginning were grossly misunderstood and neglected The Igbo people are now mainly Christians But because the Gospel has not yet become their culture some of them have double allegiance to the doctrines of the Church and to the practices of Omenala Ndigbo The author opines that to build the Catholic Church in Igboland on a solid foundation the Eucharist must take the central place since the Eucharist makes the Church and is the source and summit of the life of the Church Thus the work which uses the analytical and hermeneutical method known as inculturation is on Eucharistic Ecclesiology from an Igbo perspective and will be useful for the Church both at the local and universal levels for self understanding and renewal ecumenism dialogue and mission      **Comprehensive Dissertation**
