Israel Shamir War Report:

Daily Report ,1993 **Daily Report** United States. Foreign Broadcast Information Service,1991 *Operation Solomon* Stephen Spector,2005-03-15 Operation Solomon was one of the most remarkable rescue efforts in modern history in which more than 14 000 Ethiopian Jews were airlifted to Israel in little more than a day In this riveting volume Stephen Spector offers the definitive account of this incredible story based on over 200 interviews and exclusive access to confidential documents Written with the pace and immediacy of a novel here is the dramatic story of the rescue of the dark skinned Jews of Ethiopia Spector recounts how 20 000 Jews were willingly lured from their ancestral villages to Addis Ababa expecting to be taken quickly from there to the Holy Land Instead they became pawns in a struggle between the Israeli government and Ethiopia s repressive dictator who tried to coerce Israel into selling him weapons he needed in a losing war against rebel armies In the resulting stalemate the Jewish community was forced to live for nearly a year in squalid hovels vulnerable to the dangers of the city including crime and HIV Worse yet the imminent collapse of Addis Ababa with the rebels closing in on the capital raised the threat of bloody street fighting or even a genocidal attack on the Jews a small minority in a nation that is primarily Christian and Muslim Spector describes the tense negotiations among Israelis Ethiopians and Americans which became increasingly urgent as time ran low and the danger mounted And he highlights the secret deals and sudden setbacks that nearly aborted the mission at the eleventh hour even as Israeli jets sat on the runway in Ethiopia waiting to take the Jews to the land for which they had yearned for generations Recounting the full story for the first time Operation Solomon is a stirring account of a heroic rescue achieved in the face of daunting odds **Postmodern Imperialism** Eric Walberg,2011-06-09 Eric Walberg s POSTMODERN IMPERIALISM Geopolitics and the Great Game is a riveting and radically new analysis of the imperialist onslaught which first engulfed the world in successive waves in the 19th 20th centuries and is today hurtling into its endgame The term Great Game was coined in the nineteenth century reflecting the flippancy of statesmen and historians personally untouched by the havoc that they wreaked What it purported to describe was the rivalry between Russia and Britain over interests in India But Britain was playing its deadly game across all of Eurasia from the Balkans and Palestine to China and southeast Asia alternately undermining and carving up premodern states disrupting the lives of hundreds of millions with consequences that endure today With roots in the European enlightenment shaped by Christian and Jewish cultures and given economic rationale by industrial capitalism the inter imperialist competition turned the entire world into a conflict zone leaving no territory neutral The first game was brought to a close by the cataclysm of World War I But that did not mark the end of it Walberg resurrects the forbidden word to scrutinize an imperialism now in denial but following the same logic and with equally horrendous human costs What he terms Great Game II then began with America eventually uniting its former imperial rivals in an even more deadly game to destroy their common revolutionary antagonist and potential nemesis communism Having won this game America and the new player Israel offspring of the early

games have sought to entrench what Walberg terms empire and a half on a now global playing field using a neoliberal agenda backed by shock and awe With swift sure strokes Walberg paints the struggle between domination and resistance on a global canvas as imperialism engages its two great challengers communism and Islam its secular and religious antidotes Paul Atwood War and Empire The American Way of Life calls it an epic corrective It is a carefully argued and most of all cliché smashing road map according to Pepe Escobar journalist Asia Times Rigorously documented it is a valuable resource for all those interested in how imperialism works and sure to spark discussion about the theory of imperialism according to John Bell Capitalism and the Dialectic

Three Way Fight Xtn Alexander, Matthew N. Lyons, 2024-05-28 What's the relationship between combating the far right and working for systemic change What does it mean when fascists intensify racial oppression and patriarchy but also call for the downfall of economic elites or even take up arms against the state Three way fight politics confront these urgent questions squarely arguing that the far right grows out of an oppressive capitalist order but is also in conflict with it in real ways and that radicals need to combat both The three way fight approach says we need sharper analysis of far right movements so we can fight them more effectively and we also need to track ongoing developments within the ruling class including liberal or centrist efforts to co-opt antifascism as a tool of state repression and system legitimation This book offers an introduction to three way fight politics with more than thirty essays position statements and interviews from the Three Way Fight website and elsewhere spanning from the antifascist struggles of the 1980s and 1990s to the political upheavals of the twenty first century Over fifteen authors explore a range of topics such as fascist politics relationship with patriarchy and settler colonialism Tom Metzger's Third Position anticapitalist fascism conflict within the business community over the 2016 presidential election and the Trump administration's shifting relationship with the organized far right Many of the writings address issues of political strategy such as tensions between radicals and liberals within the reproductive rights movement and the George Floyd rebellion video gaming as an arena of political struggle and the importance and challenges of approaching antifascist organizing in ways that are militant community based and nonsectarian

The Iron Wall Avi Shlaim, 2015-07-30 Avi Shlaim's *The Iron Wall* Israel and the Arab World is the outstanding book on Israeli foreign policy now thoroughly updated with a new preface and chapters on Israel's most recent leaders In the 1920s hard line Zionists developed the doctrine of the Iron Wall negotiations with the Arabs must always be from a position of military strength and only when sufficiently strong Israel would be able to make peace with her Arab neighbours This doctrine argues Avi Shlaim became central to Israeli policy dissenters were marginalized and many opportunities to reconcile with Palestinian Arabs were lost Drawing on a great deal of new material and interviews with many key participants Shlaim places Israel's political and military actions under an uncompromising lens His analysis will bring
