*Middle- and long-term energy policies and alternatives* United States. Congress. House. Committee on Interstate and Foreign Commerce. Subcommittee on Energy and Power, 1976      *Long-term effects of Learning English* Shigeo Uematsu, 2015-05-05 This book presents a pioneering longitudinal study on English language instruction at the elementary school ELES level in the Japanese public school system It attempts to identify those domains most sensitive to early English instruction by employing a state of the art quantitative research methodology English education was formally introduced in Japan for fifth and sixth graders in 2011 and is still in its infancy as a program This study compares two groups Grade 7 and 8 of students one with ELES and one without in order to shed light on their experiences Comparisons are carried out not only quantitatively measuring changes in English skills listening speaking reading and vocabulary grammar and the ELES students affective aspects but also qualitatively through in depth interviews Thus this study attempts to capture the ELES students experiences from a multi dimensional perspective The comprehensive literature review provided offers a valuable resource not only for researchers looking for a quick digest of the literature in this field before undertaking their own research but also for policy makers seeking to assess how to best implement ELES      Linguistic Minority Students Go to College Yasuko Kanno, Linda Harklau, 2012-04-23 Currently linguistic minority students students who speak a language other than English at home represent 21% of the entire K 12 student population and 11% of the college student population Bringing together emerging scholarship on the growing number of college bound linguistic minority students in the K 12 pipeline this ground breaking volume showcases new research on these students preparation for access to and persistence in college Other than studies of their linguistic challenges and writing and academic literacy skills in college little is known about the broader issues of linguistic minority students access to and success in college Examining a variety of factors and circumstances that influence the process and outcome the scope of this book goes beyond students language proficiency and its impact on college education to look at issues such as student race ethnicity gender SES and parental education and expectations It also addresses structural factors in schooling including tracking segregation of English learners from English fluent peers availability and support of institutional personnel and collegiate student identity and campus climate Presenting state of the art knowledge and mapping out a future research agenda in an extremely important and yet understudied area of inquiry this book advances knowledge in ways that will have a real impact on policy regarding linguistic minority immigrant students higher education opportunities      **Students' Edition of a Standard Dictionary of the English Language ...** James Champlin Fernald, 1907      **Students' edition of A standard dictionary of the English language, abridged from Funk & Wagnalls Standard dictionary** James Champlin Fernald, 1897      **A Long Way to Go** Darrell Cleveland, 2004 A Long Way to Go Conversations about Race by African American Faculty and Graduate Students highlights the experiences and coping strategies of faculty members and graduate students pursuing Ph D s who have successfully navigated the
