

Epson GT-S55/55N

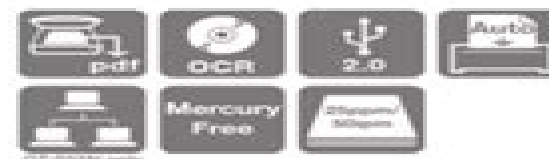

The GT-S55 Series is Epson's budget-friendly, entry-level document management package. It is both efficient and reliable to meet the needs of small companies and departments within demanding organisations seeking cost-savings and greater productivity.

Multiple-page paper documents up to A4 are converted into electronic files at speeds of up to 25 pages per minute in simplex and 50 images per minute in duplex, in both mono and colour. Double-sided pages can be scanned in a single pass and it has a 75-sheet automatic document feeder, contained within a compact design to fit neatly onto desktops. You can share this scanner and its features between multiple users with the GT-S55N model, which comes network-ready.

Epson Event Manager makes it easy to integrate the GT-S55 and GT-S55N, speeding up workflow and enabling users to capture, convert, distribute and store document information in virtually any management system. It can also customise "scan to job" functions for up to 10 one-touch jobs, such as "scan to email" or "scan to a shared folder," and much more.

A comprehensive package of bundled Epson software and advanced imaging technology ensures the GT-S55 and GT-S55N can perform a wide range of functions easily and efficiently. Complicated tasks such as organising documents and reports, converting business card information into a database, enhancing text, removing punch holes and skipping blank pages, can all be carried out effortlessly, eliminating training requirements and enhancing acceptability within the workplace.
