The Royal Marsden Manual of Clinical Nursing Procedures Lisa Dougherty, Sara Lister, Alex West-Oram, 2015-03-17
The Royal Marsden Manual of Clinical Nursing Procedures has been the number one choice for nurses since it first published over 30 years ago. One of the world's most popular books on clinical skills and procedures, it provides detailed procedure guidelines based on the latest research findings and expert clinical advice, enabling nurses and students to deliver clinically effective patient-focused care. The ninth edition of this essential definitive guide, written especially for pre-registration nursing students, now includes a range of new learning features throughout each chapter that have been designed to support student nurses to support learning in clinical practice. Providing essential information on over 200 procedures, this manual contains all the skills and changes in practice that reflect modern acute nursing care.

District Nursing Manual of Clinical Procedures Liz O'Brien, 2012-05-07
This manual, the first of its kind focused on district nursing, provides the means to build competence and confidence in nurses new to the community or developing their skills. The comprehensive and evidence-based content provides essential information for competence in key areas of district nursing. From the Foreword by Rosemary Cook CBE, Hon D Lett MSc PG Dip RGN, Director The Queen's Nursing Institute: Clinical skills are a fundamental aspect of district nursing care. The District Nursing Manual of Clinical Procedures is a practical evidence-based manual of clinical skills which reflects the unique challenges of district nursing care within the patient's home. It provides a comprehensive resource for all district nurses, community nurses, students, and healthcare professionals involved in the district nursing team, enabling them to practice competently and confidently and deliver clinically effective person-centred care. The District Nursing Manual of Clinical Procedures addresses the complexity of district nursing care and encompasses key aspects of clinical practice, including decision-making in areas that district and community nurses often struggle with or find difficult when they are on their own in a patient's home. It utilises the latest clinical research and expert clinical knowledge to address these challenges and to provide the underlying theory and evidence for district nursing care.

Key features:
Evidence-based manual of practical clinical skills in district nursing care.
Clear, user-friendly and easy to understand.
Contains recommendations for expert care within a patient's own home.
Addresses key concerns of district and community nurses working on their own within a patient's home.
Encompasses key aspects of district nursing care placed in the context of person-centred care.
All procedures include the rationale for each action, why as well as how.
