contribution of ethnoarchaeology to the recovery of the social world of Iron Age Palestine and offers insights from the anthropology of the Mediterranean for the interpretation of the biblical stories Part 2 provides a series of case studies on anthropological themes arising in the Hebrew Bible These include kinship and social organisation death cultural and collective memory and ritualism Contributors also examine how the biblical stories reveal dynamics of power and authority gender and honour and shame and how socio anthropological approaches can reveal these narratives and deepen our knowledge of the human societies and cultural context of the texts Bringing together the expertise of scholars of the Hebrew Bible and Biblical Archaeology this ethnographic introduction prompts new questions into our understanding of anthropology and the Bible

**The Revelation Worldview** Jon K. Newton, 2015-02-06 Does Christianity have anything useful or credible to say to the twenty first century or is it just a relic of a past era doomed eventually to die a long and painful death perhaps to be replaced by the new atheism or another religion In an original contribution to such debates The Revelation Worldview is a bold attempt to construct a biblically based Christian worldview that makes sense to postmodern people It also seeks to make the book of Revelation one of the most strange and difficult books in the Bible relevant to issues facing people in the twenty first century Jon K Newton wrestles with the complex notion of worldview tells the story of the changing Western worldview from its ancient and medieval beginnings through the modern era and into the unpredictable world of postmodernism and compares the worldview found in Revelation with other worldviews of its day He then uses Revelation as a source for identifying some basic Christian answers to questions such as What is real How do we know anything How can religious knowledge claims be justified How can we understand the concept of the human person How can we make sense of history And how should we respond to pluralism
