A History of Economic Thought, 10th Edition Lokanathan V., This book provides a comprehensive coverage of the origin and development of economic thought from the ancient times to the present day. It documents the contributions of major thinkers from the time of Hebrews to Maurice Dobb and the perspectives that influenced the economic thought. The book also provides an account of the recent trends in Indian economic thought and will be of interest and relevance to all students and scholars of the subject. It covers the syllabus of economic thought of major Indian universities.

Diverse Issues in Higher Education, 2006 *Manias, Panics, and Crashes* Robert Z. Aliber, Charles P. Kindleberger, Robert N. McCauley, 2023-03-06 In the Eighth Edition of this classic text on the financial history of bubbles and crashes Robert McCauley joins with Robert Aliber in building on Charles Kindleberger's renowned work. McCauley draws on his central banking experience to introduce new chapters on cryptocurrency and the United States as the 21st Century global lender of last resort. He also updates the book's coverage of the recent property bubble in China as well as providing new perspectives on the US housing bubble of 2003-2006 and the Japanese bubble of the late 1980s. And he gives new attention to the social psychology that leads people to take the risk of investing in Ponzi schemes and asset price bubbles. For the first time in this revised and updated edition figures highlight key points to ensure that today's generation of finance and economic researchers, students, practitioners, and policy makers as

well as investors looking to avoid crashes have access to this panoramic history of financial crisis

International Political Economy And Globalization (2nd Edition) Javed Maswood, 2008-09-26 The second edition of International Political Economy and Globalization is completely revised and updated to include new material on trade monetary and environmental issues It provides a comprehensive treatment of major developments in the global economy and is suitable for adoption as a primer in undergraduate courses in international political economy The author takes a stand that is supportive of globalization in principle while acknowledging that there are many areas of inequity that disadvantage developing countries This is explored in chapters that deal with trade debt crises and the environment Students will find that the material is presented in a readable format that does not presuppose prior familiarity with economics

The British National Bibliography Arthur James Wells, 2000 *The Asia Pacific Region in the Global Economy* Richard G. Harris, Canada. Industry Canada, 1996 International Economics Paul R. Krugman, Maurice Obstfeld, 2003 A text on international economic theory that provides an up to date analytical framework for illuminating the meaning and consequences of current world events Annotation copyright by Book News Inc Portland OR Forthcoming Books Rose Arny, 2004 **Study Guide to Accompany Macroeconomics** Craig Swan, 2000 *The Economist*, 2009 *El-Hi Textbooks and Serials in Print*, 1995 R R Bowker Publishing, 1995-02 **Bulletin of the Public Affairs Information Service** Public Affairs Information Service, 1987 Journal of Banking & Finance, 1990 **New York**, 2005-10 **The Brookings Review**, 1982 *Industrial Policy and Competitive Advantage* David B. Audretsch, 1998 The emergence of industrial policy as a central issue among not just policy makers but the intellectual community as well reflects not only concerns about the international competitiveness of firms and nations but also unemployment and growth Scholarship on industrial policy has been scattered across a wide range of disciplines and subjects rendering it difficult to grasp the state of knowledge on the subject The purpose of this three volume series is to provide the classic articles forming the building blocks of scholarship on industrial policy and present them in an integrated framework These classic contributions span a number of subjects within economics such as international trade industrial economics labour economics economic development and technological change as well as a number of different academic disciplines including political science sociology international relations and international management The first volume focuses on The Mandate for Industrial Policy the second on Instruments and Targets and the third on Industry and Country Studies The New York Times Index, 2009 Worldbusiness, 1996 **Finance & Development**, 2006
