the theory presented in this book is new only in the sense that it has been revitalized of recent date it is in fact as old as the world Contents Intro Mechanics Nerve Fuel Heart Energy Life Energy Control Spastic Conditions Stro **Know Your Magnetic Field** William E. Gray,2014-08-31 We mortals operate on wave lengths from the Universal the Trinity these are our life waves They are distributed one wave from each of the ruling suns Each of our waves is on a set length or frequency the blending of the three waves is the Power This sets the pattern of our individual frequency It is the source of our personality our identity and it is as distinct and individual as our own finger prints On the strength of our wave we similar to a planet operate by our magnetic field through the medium and receive the knowledge we need from the vast pool of wisdom It is given to us for our use impartially and unstintingly to the capacity of our desire and application The Universal Power has no restrictions for any man but recognition of the Power in operation and obedience unto it The intelligence in operation proves itself over and over again It gives inspiration to the mind We remain confused and drugged by many laws and are therefore not open to accept the wisdom from the Power of Powers To obtain knowledge we must seek it and then our vibrant field opens to the vast pool of wisdom Table of Contents DEDICATION CHAPTER ONE INTRODUCTION CHAPTER TWO MECHANICS CHAPTER THREE NERVE FUEL CHAPTER FOUR HEART ENERGY CHAPTER FIVE LIFE ENERGY CONTROL CHAPTER SIX SPASTIC CONDITIONS CHAPTER SEVEN STROKE CHAPTER EIGHT ARTHRITIS CHAPTER NINE SLEEPING SICKNESS CHAPTER TEN FLUID ACCUMULATION CHAPTER ELEVEN RHEUMATIC FEVER NERVES CHAPTER TWELVE CONCLUSION We accept without question the influence of the moon on tides we never dispute the movement of the sun and the planets controlling the changes of the seasons we accept the magnetic electrical field governing planetary action but we are usually skeptical that the sun and planetary movements influence our personality and affairs Since we are only another form of creation why should they not regulate or affect us too *Know Your World: A Geographer's Guide To The Anthropocene Age* John J. Moran,2017-01-25 Darwin named Geography as Queen of the sciences His observations of geographical connections had revealed the phenomenon of Life in a remarkably structured Earth world as inter locked dynamic systems This Systems View of Life is reviving at a time when we are facing a crisis of collapse in world systems and the prospect of a breaking world as a result of reckless human activities driven by amoral values We are all geographers embarked on a voyage in search of the optimum location with the promise of support and betterment of our future living conditions But for most of the world s people this is an experience of Life fraught with hardship and deprivation Compelled to take stock of our deteriorating environment as well as to question the values we hold the message is that we have the collective restorative power of geographical knowledge which can be applied to achieve a better world **Lancelot** Walker Percy,1999-09-04 Dejected lawyer Lancelot Lamar murders his wife after discovering that he is not the father of her
