

A person with long dark hair, wearing a light-colored t-shirt and dark pants, is walking away from the viewer towards a body of water at night. The scene is illuminated by a large, bright full moon in the sky. In the water, a creature with a dark, scaly body and a large, rounded head is visible, appearing to be in a crouched or crawling position. The overall atmosphere is mysterious and suspenseful.

Lake of Sins: Escape: A FREE YA dystopian, genetic engineering fantasy L. S. O'Dea, 2014-12-26 Enjoy this FREE dystopian genetic engineering series by bestselling science fantasy author L S O Dea Every year after harvest the weakest are removed from the encampment None of them are ever seen or heard from again Trinity's only hope of escape lies in the forest She's not afraid of the creatures that live there There's nothing bigger than foxes in those woods except this time something is different This time she's hunted from land and sea by predators that should only exist in legends Surrounded by three enemies Surrender is her only option but which one should she choose A captivating dystopian read filled with human animal hybrids and creatures you've never even imagined Fans of Daniel Young Michael Anderle and Anna Hackett will love this free science fantasy genetic engineering story Author Interview Q Why should someone read the Lake of Sins series If you're looking for your typical genetic engineering post apocalyptic survival thriller then you should look somewhere else This story has been described as a one of a kind world created in a unique dystopian society The characters in the series are human animal hybrids genetic mutations or evil experiments is yet to be revealed It's an entire new species of characters who don't fit in the typical genre categories of vampire werewolf witch fairies or even angels and demons The world of the Lake of Sins is segregated by class with the humans ruling supreme In book one Escape Trinity unwittingly sets off a collision between the classes when she flees into the forest to find and free her friend only to discover the horrible fate of her kind The books are fast paced with adventure and mutated creatures around every corner There are legends that are truth and societal truths that are well guarded lies All in all it's a unique and exciting read and you should give it a try I think you'll love it The Chimera Chronicles series also takes place in the world of the Lake of Sins These stories are prequels explaining how some of the characters who you meet in the Lake of Sins series became monsters Q Who should read the Lake of Sins series Although there's a strong female lead in Lake of Sins the audience for both series is broad I have fans male and female aged ten through eighty Anyone who likes gory thrillers that are dark a little disturbing and packed with action will enjoy these books However a word of caution is in order These books are not for the squeamish Some scenes are bloody and violent almost falling into the horror genre but the interactions between the characters are funny poignant and loving and a love triangle develops as the stories progress Still I wouldn't recommend these books to anyone under thirteen without the parents reading the books first

Rise of the River-Man: A FREE dystopian, genetic engineering, human-animal science-fantasy L. S. O'Dea, 2015-10-28 Enjoy this FREE dystopian genetic engineering story about hybrids by bestselling science fantasy author L S O Dea Imagine a world filled with human animal hybrids They're stronger than us Faster More deadly and hungry Always hungry Now step inside the laboratory and witness their creation Created as weapons Designed to obey No one expected them to want revenge This is Mutter's story For the first time in his life he's afraid Afraid of the shots his new master is giving him Afraid that if he doesn't escape he'll become food for one of the creatures in the nearby cages or

worse He ll become one of them Rise of the River Man book one in the Chimera Chronicles is a stand alone dystopian genetic engineering science fantasy story about human animal hybrids It s urban fantasy science fiction that ll make you question who the real monsters are If you love animals this book will make you root for those in the laboratory Fans of Adrian Tchaikovsky J N Chaney and K J Gillenwater will love this series *Lake of Sins: Secrets in Blood* L. S. O'Dea,2020-03-31

The disturbing and yet exciting sequel to Lake of Sins Escape Having discovered the horrible fate of her kind Trinity has left her family behind and is fleeing from the Almighty's Her friends have promised to help her but they don t know that her blood holds a secret that some in power want revealed and others want destroyed Hugh Truent an Almighty learns that Trinity is a product of the mating of two different classes which is impossible but if it s true it s the discovery of a lifetime He must catch her before she is destroyed but someone will stop at nothing to ensure he fails putting his life and the lives of those he loves in danger Once again the Author delivers a fantastic read This is a MUST read Romorror Fan Girl The different species or classes are something utterly new and remarkable to me in the genre Ana Silva **Chimera Chronicles: Breaking the Brush Men: A dystopian, genetic engineering, human-animal fantasy** L. S. O'Dea,2018-10-27 For Glick and his friends it s them against the world Literally There s no food The ground is toxic The water is filled with burning chemicals And the humans want Glick and his kind destroyed They re weak hungry and scared but they have each other Will that be enough for them to survive when everyone is trying to kill them Book three in the Chimera Chronicles is a stand alone dystopian genetic engineering story about human animal hybrids It s urban fantasy science fiction that tells the story of love and friendship strength and weakness and cowardice and bravery Whether you re an animal rights activist or just love your pets this book will make you root for those in the laboratory **Chimera Chronicles: Feeding Fersia: A dystopian, genetic engineering, human-animal fantasy** L. S. O'Dea,2018-04-09 When things turn deadly who will she choose to help her friend or her lover Fersia can t wait to start her new job in the laboratory It ll be the perfect way to rekindle her relationship with Jocko But there are strange things going on at the lab Like odd noises coming from behind locked doors Growls and cries but they don t sound like any animal she s ever heard It makes her almost glad to be locked in the cage And what s up with the shots the scientist is giving them They re making Jocko sick but they re making her hungry Starving Ravenous for meat Book two in the Chimera Chronicles is a stand alone dystopian genetic engineering story about human animal hybrids It s urban fantasy science fiction that ll make you question who the real monsters are Whether you re an animal rights activist or just love your pets this book will make you root for those in the laboratory *Lake of Sins Series Box Set Books 1-3: A dystopian, genetic engineering, adventure fantasy boxset* L. S. O'Dea,2017-05-28 Books 1 3 in the series filled with human animal hybrids where class determines imprisonment or freedom Escape Every year after harvest the weakest are removed from the encampment None of them are ever seen or heard from again Trinity s only hope of escape lies in the forest She s not afraid of the creatures that live there There s nothing bigger than foxes in those woods except this time something is

different This time she s hunted from land and sea by predators that should only exist in legends Surrounded by three enemies Surrender is her only option but which one should she choose A captivating dystopian read filled with human animal hybrids and creatures you ve never even imagined Secrets In Blood The disturbing and yet exciting sequel to Lake of Sins Escape Having discovered the horrible fate of her kind Trinity has left her family behind and is fleeing from the Almighty Her friends have promised to help her but they don t know that her blood holds a secret that some in power want revealed and others want destroyed Hugh Truent an Almighty learns that Trinity is a product of the mating of two different classes which is impossible but if it s true it s the discovery of a lifetime He must catch her before she is destroyed but someone will stop at nothing to ensure he fails putting his life and the lives of those he loves in danger Hangman s Army A rebellion is brewing in the world of the Lake of Sins while Hugh Truent sits in prison days away from his execution After taking his findings about the genetic similarities between the classes to the Supreme Almighty and the Council Hugh had been arrested for treason and all his evidence had vanished as if made from smoke To protect his family he cut off all contact with the outside world while he sat in prison for over four years waiting for his execution He has no idea that some of his reports were leaked to the other classes and that civil war looms on the horizon Trinity and her friends have no hope of winning the war unless they can unite the classes In order to do that they need someone everyone will follow They need the one person all the classes trust and believe in They need Hugh That means they have to break him out of a maximum security prison and convince him to lead their army but that won t be easy because Hugh wants revenge and he s not going to let anything get in his way especially mouthy attractive know it all Trinity Interview with the Author Q So why should someone read the Lake of Sins series Well because it s great smiles However if you re looking for your typical dystopian post apocalyptic survival thriller then you should look somewhere else This story has been described as a one of a kind world created in a unique dystopian society The characters in the series are human animal hybrids genetic mutations or evil experiments is yet to be revealed It s an entire new species of characters who don t fit in the typical genre categories of vampire werewolf witch fairies or even angels and demons The world of the Lake of Sins is segregated by class with the humans ruling supreme In book one Escape Trinity a sixteen year old Producer the lowest of the classes unwittingly sets off a collision between the classes when she flees into the forest to discover the fate of the teenagers who are removed from camp every year after harvest Some say they are taken to another camp to keep bloodlines strong Others say they are tortured No one knows and Trinity is determined to find out but what she doesn t expect is to be hunted by mutant creatures and predators long thought to be extinct The books are fast paced with adventure and mutated creatures around every corner There are legends that are truth and societal truths that are well guarded lies All in all it s a unique and exciting read and you should give it a try I think you ll love it The Chimera Chronicles series also takes place in the world of the Lake of Sins These stories are prequels explaining how some of the characters who you meet in the Lake of Sins series became monsters Q Who should read the

Lake of Sins series Although there s a strong female lead in Lake of Sins the audience for both series is broad I have fans male and female aged ten through eighty Anyone who likes gory thrillers that are dark a little disturbing and packed with action will enjoy these books However a word of caution is in order These books are not for the squeamish Some scenes are bloody and violent almost falling into the horror genre but the interactions between the characters are funny poignant and loving and a love triangle develops as the stories progress Still I wouldn t recommend these books to anyone under thirteen without the parents reading the books first

Lake Of Sins Escape Introduction

In the digital age, access to information has become easier than ever before. The ability to download Lake Of Sins Escape has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Lake Of Sins Escape has opened up a world of possibilities. Downloading Lake Of Sins Escape provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Lake Of Sins Escape has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Lake Of Sins Escape. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Lake Of Sins Escape. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Lake Of Sins Escape, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Lake Of Sins Escape has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
