Maisons Closes De Province:

Maisons closes de province Jacques Termeau, 1986 France and Women, 1789-1914 James McMillan, Professor James F Mcmillan, 2002-01-08 France and Women 1789 1914 is the first book to offer an authoritative account of women s history throughout the nineteenth century James McMillan author of the seminal work *Housewife or Harlot* offers a major reinterpretation of the French past in relation to gender throughout these tumultuous decades of revolution and war This book provides a challenging discussion of the factors which made French political culture so profoundly sexist and in particular it shows that many of the myths about progress and emancipation associated with modernisation and the coming of mass politics do not stand up to close scrutiny It also reveals the conservative nature of the republican left and of the ingrained belief throughout french society that women should remain within the domestic sphere James McMillan considers the role played by French men and women in the politics culture and society of their country throughout the 1800s

Women for Hire Alain Corbin, 1990 Alain Corbin depicts prostitution in nineteenth century France not as a vice crime or disease but as a well organized business Corbin reveals how the brothel served the sex industry in the same way that the factory served manufacturing it provided an institution for the efficient and profitable sale of services Catalogue of Books in English, French and German Public Library of Cincinnati and Hamilton County, 1876 Van Gogh's Ear Bernadette Murphy, 2016-07-12 The best known and most sensational event in Vincent van Gogh s life is also the least understood For more than a century biographers and historians seeking definitive facts about what happened on a December night in Arles have unearthed more questions than answers Why would an artist at the height of his powers commit such a brutal act Who was the mysterious Rachel to whom he presented his macabre gift Did he use a razor or a knife Was it just a segment or did Van Gogh really lop off his entire ear In *Van Gogh s Ear* Bernadette Murphy reveals for the first time the true story of this long misunderstood incident sweeping away decades of myth and giving us a glimpse of a troubled but brilliant artist at his breaking point Murphy s detective work takes her from Europe to the United States and back from the holdings of major museums to the moldering contents of forgotten archives She braids together her own thrilling journey of discovery with a narrative of Van Gogh s life in Arles the sleepy Proven al town where he created his finest work and vividly reconstructs the world in which he moved the madams and prostitutes caf patrons and police inspectors shepherds and bohemian artists We encounter Van Gogh s brother and benefactor Theo his guest and fellow painter Paul Gauguin and many local subjects of Van Gogh s paintings some of whom Murphy identifies for the first time Strikingly Murphy uncovers previously unknown information about Rachel and uses it to propose a bold new hypothesis about what was occurring in Van Gogh s heart and mind as he made a mysterious delivery to her doorstep As it reopens one of art history s most famous cold cases Van Gogh s Ear becomes a fascinating work of detection It is also a study of a painter creating his most iconic and revolutionary work pushing himself ever closer to greatness even as he edged toward madness and one fateful sweep of the blade that would
