Majesty Worship His Majesty:

Worship His Majesty Jack W. Hayford, 1987 *The Voice of Creation* Josefina Hudson, 2020-06-15 This book is a compendium of insights from sermons and books of great preachers of the Word of God It illuminates how God created the world in six days following His blueprint It reveals that man is created in the image of God It explains the significance of the nation of Israel in God's divine program It discloses the origin and effect of sin on all of humanity It disputes the atheistic opinions of the existence of God It concludes with the fulfillments of God's plan as the King of kings of the combined heaven and earth in the New Jerusalem **The Ten Most Influential Churches of the Past Century** Elmer Towns, 2015-01-20 Your Church Can Influence the World History has shown that great leaders have the ability to reach beyond the walls of their churches to influence cultures for Christ We've seen it in the Pentecostal Charismatic movement in the explosive growth of house churches in Communist China in the expansion of the Southern Baptist Convention and in the worldwide rise of praise and worship music led by Hillsong Church among other phenomena In *The Ten Most Influential Churches of the Past Century* Dr Elmer Towns presents evidence of the powerful influence of these churches and how their innovative strategies and faith accomplish these goals Then he tells how you can apply these principles to your church You will learn how some of the most influential leaders in Church history became conduits for your future ministry and how your church can experience exponential growth Most importantly you will see that the great results in these ten churches grow out of the power of the Word of God the ministry of many dedicated lay workers the faith producing ministry of great leaders all under the anointing of the Holy Spirit **The Monday Morning Church** Jerry Cook, 2010-06-15 Fired by the passion to take the message of the gospel beyond the walls of the church Jerry Cook challenges Christians to reconsider their role in society Jerry Cook emphasizes that the church on Monday operates in the experience of the non believer where the greatest impact for God can occur He encourages Christians to consider themselves strategically placed by Jesus Christ to go to the non believer rather than having them come to God Drawing from the book of Ephesians he challenges traditional thinking of how ministry occurs and what the church should be while presenting an exciting new paradigm of living for Christ Pentecostal and Charismatic Studies William Kay, Anne E. Dyer, 2017-10-30 The Pentecostal and Charismatic movement is one of the miracles of the 20th century Without government support without an advertising campaign often without the notice of journalists and academics and sometimes in the face of persecution and ridicule it has spread its message around the world and now attracts in the region of 500 million people Many of its original and formative documents are unknown and out of print This book collects together samples from the writings of key Pentecostals and charismatics going back about 100 years and over a range of issues and practices shows how they vary and how they have developed historically These texts have lain in out of print magazines and archives and so far as we know have never been collected before in this way This book allows you to hear the authentic voice of the Pentecostal and charismatic movements drawing especially from sources in English

Seeking Science-Friendly Christianity Harwood Hoover, 2023-11-17 This book brings together lessons from three journeys The first journey began with my acceptance of Jesus at a young age together with my growing recognition of the differences between the scriptural record and scientific understanding It continued with a young man's adventure a retreat into nature and an encounter with war War and life's darker side convinced me that even as nature brings awe and opens us to religious experience we need morality The second journey began as I inquired into the ministry When the church transferred the guide they had assigned to me Bob Wessman became my mentor Bob was an ordained pastor with a doctorate in theology For twenty years we read and discussed theology including the Catholic ideas that I had discovered while teaching with the Dominican Sisters Bob is in hospice care as I write this and my library is full of the books that he gifted to me Thank you Bob I now had many ideas from my first two journeys but they floated about in my head without an organizing form The challenge was to find a form that would allow the ideas to come together and speak in harmony Differences between Scripture and science had troubled me since my youth and I could not ignore science It was simply too good at finding truth to ignore So science would have to help me Science cannot touch all that religion touches but science and technology can be in correspondence with theology Researching and writing this book could explore that relationship The result was to have remained personal but then I thought that a reader might find an idea or two useful A person who is literate in science might see why trusting Jesus is both good and reasonable This book is the story of the third journey an odyssey through science and Christian theology
