

Part 1: Stripped and Battered Boys

If you're a guy, I don't think I have to tell you how painful a drumroll to the nuts is. Of course, you wouldn't know for sure how much if you haven't experienced it yourself, but if you ever had your nuts slapped really, really, really, really hard, just sorta picture that feeling a lot sharper and a lot more intense. And then it keeps going on for the full length of a song.

During one intense drumroll session, one of Kristen's victims actually cried out over and over again hoping to tempt Kristen to stop.

"Please cut my balls off. Please, Kristen, please cut my balls off."

But she didn't. She wasn't one to castrate a man... though many boys begged her for the service. For Kristen, castration meant the end of her toys... the balls. She wanted to make them permanently sore not remove them.

But, in her eyes, and as her addicting fetish demanded, nothing was better than the "closed system" approach: using only the genitals to torture the genitals. Translation: using the boy's own cock to paddle its own balls. Kristen considered the cock the property of the boy; but not the balls. She considered the balls the property of the cock. To her, the balls were the cock's helpers. They gave it the juice it needed to operate. It was like the cock was a car and the balls were the gas.
