## You will need

- a drawing board or flat surface
- soft pencils: brown, green, light blue, dark blue, turquoise, black, pink, grey, turquoise
- 1 sheet of paper (or a large sheet)
- a plastic bag or 1 painted paper
- masking tape or other tape

Soft pencils produce vibrant colors. They can be blended and layered to make a picture look like it has texture and depth. Follow these steps to make a picture of a boat reflecting in the water. We will use soft pencils to capture the true beauty of rippling water.

First, prepare your paper by taping it to a drawing board or flat surface. Use white tape or masking tape to do this. Keep your tape as straight as possible – this will create a border for your artwork.

**Tip:** If you're using masking tape, try making it to a different surface first to ensure it's allowed before using it on your paper.

Refer to the boat photo continuously while creating your artwork. Begin by blending in more colors across for the boat and its reflection underneath and light and dark blue for the water. Add your pencil on to add to each more color.
