AV Instructional Technology Manual for Independent Study James Wilson Brown, Richard Byrd Lewis, 1983

From Soul to Hip Hop Tom Perchard, 2017-07-05 The essays contained in this volume address some of the most visible durable and influential of African American musical styles as they developed from the mid 1960s into the 21st century Soul funk pop R B and hip hop practices are explored both singly and in their many convergences and in writings that have often become regarded as landmarks in black musical scholarship These works employ a wide range of methodologies and taken together they show the themes and concerns of academic black musical study developing over three decades While much of the writing here is focused on music and musicians in the United States

the book also documents important and emergent trends in the study of these styles as they have spread across the world. The volume maintains the original publication format and pagination of each essay making for easy and accurate cross reference and citation. Tom Perchard's introduction gives a detailed overview of the book's contents and of the field as a whole situating the present essays in a longer and wider tradition of African American music studies. In bringing together and contextualising works that are always valuable but sometimes difficult to access the volume forms an excellent introductory resource for university music students and researchers.

Close to the Edge Sujatha Fernandes, 2011-09-12 At its rhythmic beating heart *Close to the Edge* asks whether hip hop can change the world. Hip hop rapping beat making b-boying deejaying graffiti captured the imagination of the teenage Sujatha Fernandes in the 1980s inspiring her and politicizing her along the way. Years later armed with mc-ing skills and an urge to immerse herself in global hip hop she embarks on a journey into street culture around the world. From the south side of Chicago to the barrios of Caracas and Havana and the sprawling periphery of Sydney she grapples with questions of global voices and local critiques and the rage that underlies both. An engrossing read and an exhilarating travelogue this punchy book also asks hard questions about dispossession racism poverty and the quest for change through a microphone.
