**Bringing the English Curriculum to Life** David Didau, 2024-04-12 Bringing the

English Curriculum to Life builds on David Didau's groundbreaking book *Making Meaning in English* by showing how the principles of the original book can be applied in schools and classrooms. Drawing together experiences of designing, teaching, supporting and assessing English across the schools within Ormiston Academies Trust OAT, this book demonstrates what an ambitious, coherently sequenced, broad and balanced English curriculum with successful adaptation for students with SEND can look like in practice. Designed around the explicit teaching of the powerful conceptual knowledge students need to master the discipline, the book offers a fully resourced English curriculum packed with teaching suggestions and examples of high quality practice. Covering intent, implementation and assessment, and outlining in detail what is included in each module for KS3 and 4, the curriculum can be adopted in its entirety but is also flexible enough for departments to take modules and slot them into their own curriculum. Providing an inspiring model for teaching English that enables all students to succeed, this is an essential resource for all English teachers and school leaders responsible for curriculum development.

*The Primary English Encyclopedia* Margaret Mallett, 2017-02-24. This newly updated, user-friendly Primary English Encyclopedia addresses all aspects of the primary English curriculum and is an invaluable reference for all training and practising teachers. Now in its fifth edition, entries have been revised to take account of new research and thinking. The approach is supportive of the reflective practitioner in meeting National Curriculum requirements in England and developing sound subject knowledge and good classroom practice. While the book is scholarly, the author writes in a conversational style and includes reproductions of covers of recommended children's books and examples of children's writing and drawing to add interest. The encyclopedia includes over 600 entries, many expanded and entirely new for this edition, including entries on apps, blogging and computing, short definitions of key concepts, input on the initial teaching of reading, including the teaching of phonics and the other cue systems, extended entries on major topics such as speaking and listening, reading, writing, drama, poetry, non-fiction, bilingualism and children's literature, information on new literacies and new kinds of texts for children, discussion of current issues and input on the history of English teaching in the primary years, extended entries on gender and literacy, important references for each topic, advice on further reading and accounts of recent research findings, and a Who's Who of Primary English and lists of essential texts, updated for this new edition. This encyclopedia will be ideal for student teachers on BA and PGCE courses preparing for work in primary schools and primary school teachers. **Children's Literacy Practices and Preferences** Jane Sunderland, Steven Dempster, Joanne Thistlethwaite, 2016-03-31. Over the past few decades, there have been intense debates in education surrounding children's literacy achievement and ways to promote reading, particularly that of boys. The Harry Potter book series has been received enthusiastically by very many children, boys and girls alike, but has also been constructed in popular and media discourses as a children's, particularly a boys' literacy saviour. *Children's Literacy Practices and Preferences: Harry Potter and Beyond* provides empirical evidence of

young people's reported literacy practices and views on reading and of how they see how the Harry Potter series as having impacted their own literacy The volume explores and debunks some of the myths surrounding Harry Potter and literacy and contextualizes these within children's wider reading [The Times Index](#), 2004 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement
