### **Handbook of Research on Project Management Strategies and Tools for Organizational Success**

Moreno-Monsalve, Nelson Antonio, Diez-Silva, H. Mauricio, Diaz-Piraquive, Flor Nancy, Perez-Uribe, Rafael Ignacio, 2020-01-17

Project management tools can be used as an alternative to improve and strengthen a company's position in the market. However, the management of projects has been in constant transformation. Elements such as time, cost, and scope on which it is based have been complemented with other trends such as the project team, change management, knowledge management, good negotiation practices, management of stakeholders, sustainability, etc. In order to improve the competitiveness of their company and increase earned value, managers must remain up to date on these latest transformations and best practices. The Handbook of Research on Project Management Strategies and Tools for Organizational Success is a pivotal reference source that analyzes and disseminates new trends that will allow managers to improve their skills and strengthen the performance of their companies through obtaining better results in the projects undertaken. While highlighting topics such as market growth, risk management, and value creation, this book is ideally designed for project managers, managers, business professionals, entrepreneurs, academicians, researchers, and students seeking current research on improving the competitiveness of companies as well as increasing their earned value.

**A Practical Guide to Successful Construction Projects** Arent van Wassenae, 2017-04-21. Written by experienced and innovative projects lawyer Arent van Wassenae, this book explains what the critical success factors are for construction projects to be completed on time within everyone's budget, to the right quality, with all stakeholders satisfied and without disputes. In so doing, van Wassenae discusses how such projects could be structured, tendered, for executed and completed, and what legal and non-legal mechanisms are available to achieve success in construction projects. Using examples of real projects, A Practical Guide to Successful Construction Projects provides tools for those in leading and managerial positions within the construction industry to change where necessary their usual operational methods into methods which are aimed at achieving project success.

**Strategic Integration of Social Media into Project Management Practice** Silvius, Gilbert, 2016-02-02. The functionality of social networking platforms has caused such technologies to become an integral part of modern society. Once limited to only personal purposes, the use of these platforms within organizations has seen significant growth in recent years. Strategic Integration of Social Media into Project Management Practice is an authoritative reference source for the latest research on benefits and challenges presented by the integration of online social networks in the project development process. Highlighting relevant perspectives on team communication, effective collaboration, and stakeholder engagement, this book is an essential resource for project managers, researchers, graduate level students, and practitioners interested in the innovative uses of social media in professional settings.
