234 original documents The texts have been selected from across the whole range of Surrealist writing as well as including influential predecessors like Rimbaud and Lautreamont and contemporaries such as Raymond Roussell and Alfred Jarry Texts are published in English throughout with new translations provided for previously untranslated material The book addresses for the first time the neglected area of the relationship between Surrealism and popular culture including Surrealism s engagement with cinema and attempts to address the increased critical interest in what in the past were more neglected figures such as Michel Leiris and Georges Bataille Particular emphasis is given to the earlier documents and influences upon the Surrealist movement as well as to the period of its internationalism during the 1930s and the texts cover Surrealism in Britain and Belgium as well as France This fascinating collection presents what was most vital about this complex and often contradictory movement and serves as an essential reference book for scholars as well as stimulating reading for all those with a general interest in the subject Yves Tanguy Kristine Elaine Dolan Stiles, 1976 The Autobiography of Surrealism Marcel Jean, 1980 Poets, Prophets, and Revolutionaries Charles Russell, 1985 Literair historische opstellen over stromingen en figuren over de periode ca 1880 heden **Selected Essays from the International Conference on** Myth and Fantasy, 1991 Joseph Vergara Tyler, 1994 Manifestoes of Surrealism.
