In mid-March, Harvard University's John F. Kennedy School of Government posted on its Web site, as part of its Faculty Research Working Papers series, an 81-page 54,000-word study entitled "The Israel Lobby and U.S. Foreign Policy" by political scientists John J. Mearsheimer of the University of Chicago and Stephen M. Walt of the Kennedy School, where he is also academic dean. The paper unleashed a storm of controversy, generating condemnations from congressmen, philanthropists, the editorial boards of leading newspapers, and other academics; threats to withdraw funding were reportedly lodged by Harvard University donors. Within days, Harvard University had removed its logo from the study (later, the Kennedy School's Web site, which heretofore had posted comments on working papers only by its own faculty members, carried a 15,000-word response from the Law School's Alan Dershowitz). Meanwhile, an edited (15,000-word) version of the study, prepared for and rejected by the Atlantic Monthly, was published by the London Review of Books (LRB).

Most of the attacks on the Mearsheimer-Walt study came from pro-Israeli sources, though there were also a number of critiques from Arab academics and traditional Israel critics who faulted what they saw as its implied exoner-ation of U.S. responsibility for its Middle East policies. Increasingly, however, the debate—particularly in the British and international media and on the Internet—began to focus less on the study itself than on the implications of

Mearsheimer And Walt Report:

The Israel Lobby and U.S. Foreign Policy John J. Mearsheimer, Stephen M. Walt, 2007-09-04 Originally published in 2007 The Israel Lobby and U S Foreign Policy by John Mearsheimer of the University of Chicago and Stephen M Walt of Harvard s John F Kennedy School of Government provoked both howls of outrage and cheers of gratitude for challenging what had been a taboo issue in America the impact of the Israel lobby on U S foreign policy A work of major importance it remains as relevant today as it was in the immediate aftermath of the Israel Lebanon war of 2006 Mearsheimer and Walt describe in clear and bold terms the remarkable level of material and diplomatic support that the United States provides to Israel and argues that this support cannot be fully explained on either strategic or moral grounds This exceptional relationship is due largely to the political influence of a loose coalition of individuals and organizations that actively work to shape U S foreign policy in a pro Israel direction They provocatively contend that the lobby has a far reaching impact on America s posture throughout the Middle East in Iraq Iran Lebanon and toward the Israeli Palestinian conflict and the policies it has encouraged are in neither America s national interest nor Israel s long term interest The lobby s influence also affects America s relationship with important allies and increases dangers that all states face from global jihadist terror The publication of *The Israel Lobby and U S Foreign Policy* led to a sea change in how the U S Israel relationship was discussed and continues to be one of the most talked about books in foreign policy

Toward a Critical Rhetoric on the Israel-Palestine Conflict Matthew Abraham, 2015-07-01 This edited collection brings together a group of rhetoricians seeking to develop productive ways to discuss the Israel Palestine conflict while avoiding the discursive impasses that so often derail attempts to exchange points of view

Rourke,2007 No country no culture no person today is untouched by what happens in the rest of the world Technological innovation environmental degradation economic gain each have distinct forms of expression But this marvelous diversity of insight has

the potential for inspiring dialogue which can enrich everyone's pursuit of wisdom. All faith traditions turn to compassion as a guiding principle for living a good life. It is the task of all people with an aspiration to spiritual perfection to affirm the fundamental value of the compassion. In this way we can truly develop a deep recognition of the value of other faiths and on that basis we can cultivate genuine respect. In *Toward a True Kinship of Faiths* the Dalai Lama also explores where differences between religions can be genuinely appreciated without serving as a source of conflict. The establishment of genuine harmony is not dependent upon accepting that all religions are fundamentally the same or that they lead to the same place. Many fear that recognizing the value of another faith is incompatible with having devotion to the truth of one's own. Nevertheless the Dalai Lama profoundly shows how a sincere believer can with integrity be a pluralist in relation to other religions without compromising commitment to the essence of the doctrinal teachings of their own faith. An issue of central importance for the Dalai Lama personally and for the entire world in general *Toward a True Kinship of Faiths* offers a hopeful yet realistic look at how humanity must step into the future. **U.S. News & World Report**, 2006 **Articles of Faith** Neil Berry, 2008 This is a study of British literary reviews and their editors among them the pioneering *Edinburgh Review* the *New Statesman* and the *London Review of Books*. This new edition includes an afterword that discusses the ferocious controversy precipitated by the *London Review of Books* when in 2006 it published a gigantic polemic by the American political scientists John Mearsheimer and Stephen Walt on the subject of America's Israel Lobby. It also discusses the kinship between the *London Review* and its transatlantic counterpart the *New York Review of Books* focusing on how the latter became drawn into the controversy and how the two reviews have together played a key role in opening up the vexed question of the special relationship between Israel and the U.S. **The New York Times Magazine**, 2007 *The New Yorker* Harold Wallace Ross, William Shawn, Tina Brown, David Remnick, Katharine Sergeant Angell White, Rea Irvin, Roger Angell, 2007 **Territoriality and the Westernization Imperative** Claude V. Chang, 2008 Coexistence in an atmosphere of mutual respect in a pluralist world order has become an even greater challenge in the practice of international relations since the murderous acts committed by al Qaeda on September 11 2001. 9/11 that demanded justice. This book looks beyond today's popular narratives. Dr Chang explores the extent to which the tragedy of 9/11 has been exploited by the neoconservative controlled U.S. administration as opportunity to launch its grand strategy for creating an American-centric order necessary for the continuation of U.S. hegemony in the twenty-first century. Specific controversial concerns are extensively examined within the historical and theoretical context of territoriality and power. The state of the American economy the Arab-Israel conflict and the invasion of Iraq and its aftermath are treated as interrelated issues and examined in terms of the Westernization imperative inherent in the grand strategy that principally requires the containment of an emerging China. **Middle East Report**, 2008 **Journal of Palestine Studies**, 2007 A quarterly on Palestinian affairs and the Arab-Israeli conflict. **The Big Lie** David Solway, 2007 Comprises two lengthy essays explicating Solway's

response to the attacks of 9 11 which caused him to reassess his dogmatic left liberal anti American and anti Zionist worldview The first essay reflects on the threat posed to Western civilization by a militant Islam a theologically inspired terrorist movement and on the ideological capitulation of the liberal and democratic West vis vis this threat The second essay On Being a Jew pp 89 244 discusses the meaning of Judaism the complex nature of Islam the demonology of antisemitism as directed against the Jewish diaspora in Europe especially and the Jewish state and the Middle East conflict Warns that terror and antisemitism are intimately related and the weakness of the West s response to the former and the waxing strength of the latter are indicators that we are living in a faltering society Muslim hostility toward the Jews and Israel is centuries old and not simply a reaction to the founding of the State of Israel in 1948 The real conflict in the Middle East is not over borders or Palestinian self determination but over the right of the Jewish people to exercise its sovereignty in its ancestral homeland Deplores the fact that not only has the Islamic world adopted Western antisemitism but the West is also adopting Islamic style antisemitism disguised as anti Zionism and is blind to the danger it poses to everything the West stands for *The Nation*, 2008 *Zionism, Militarism, and the Decline of US Power* James F. Petras, 2008 Challenging the claims of Zionist apologists who argue that Israel is just another lobby this book examines major policies dealing with U S Saudi military sales U S intelligence estimates of Iran s non military nuclear energy policy and Congressional Middle East policy votes in 2007 2008 **The Transparent Cabal** Stephen J. Sniegoski, 2008 Although it is generally understood that American neoconservatives pushed hard for the war in Iraq this book forcefully argues that the neocons goal was not the spread of democracy but the protection of Israel s interests in the Middle East Showing that the neocon movement has always identified closely with the interests of Israel s Likudnik right wing the discussion contends that neocon advice on Iraq was the exact opposite of conventional United States foreign policy which has always sought to maintain stability in the region to promote the flow of oil Various players in the rush to war are assessed according to their motives including President Bush Ariel Sharon members of the foreign policy establishment and the American people who are seen not as having been dragged into war against their will but as ready after 9 11 for retaliation
