The diagram is an organizational chart for the Judicial Branch. It starts with a green box at the top labeled 'Judicial Branch'. A horizontal line below it branches into two vertical lines, leading to two blue boxes: 'Federal' on the left and 'State' on the right. From 'Federal', a vertical line leads to an orange box labeled 'US Supreme Court and All Federal Courts'. From 'State', a vertical line leads to an orange box labeled 'State High Court and All State Courts'. Finally, vertical lines from each orange box lead to dark blue boxes at the bottom, both labeled 'Interprets Laws'.

Judicial Branch Guide The Federal Court Answer:

A Guide to Federal Terms and Acronyms Don Philpott, 2017-12-20 Navigating government documents is a task that requires considerable knowledge of specialized terms and acronyms. This required knowledge nearly amounts to knowing a completely different language. To those who are not fluent, the task can be overwhelming as federal departments fill their documents with acronyms, abbreviations, and terms that mean little or nothing to the outsider. Would you be able to make sense of a document that described how the COTR reports to the CO regarding compliance with FAR, GPRA, SARA, and FASA? This is a common procedure in government contracting. Would you have any clue what was being referred to if you came across MIL STD 129P? It is the new standard for Military Shipping Label Requirements. The sheer number of such terms makes mastering them nearly impossible. But now these terms and their definitions are within reach. This new edition of *A Guide to Federal Terms and Acronyms* presents a glossary of key definitions used by the federal government. It is updated to include new acronyms and terminology from various federal government departments. It covers the most common terms, acronyms, and abbreviations used by each major agency, presenting definitions and explanations in a user-friendly and accessible way. This is an essential tool for anyone who works with federal government information. **Federal Register**, 2002

Politics and the Courts Barbara M. Yarnold,1992-02-28 In the public law area it has been noted that judicial decisionmaking is not always objective that the courts are not constrained by the law and the facts of the case and that courts are actually policymakers influenced by extraneous factors having little to do with the legal and factual matters of a case Yarnold argues that the public law area has discarded the traditional view of the judiciary as a passive interpreter of the law She examines political and environmental variables that have been used to explain judicial outcomes and develops an original theory of public law explaining under what circumstances political variables impact court decisions and when region as an environmental variable is related to judicial outcomes
