1 Microeconomics LESSON 2 R ACTIVITY 2

Part C

Use Figure 2.6 to answer the next five questions. Each question starts with Curve BB' as a country's production possibilities curve.

Figure 2.6
Production Possibilities Curve: Capital Goods and Consumer Goods

- Suppose there is a major technological breakthrough in the consumer-goods industry, and the new technology is widely adopted. Which curve in the diagram would represent the new production possibilities curve? (Indicate the curve you choose with two letters.) DD'
- Suppose a new government comes into power and forbids the use of automated machinery and modern production techniques in all industries. Which curve in the diagram would represent the new production possibilities curve? (Indicate the curve you choose with two letters.) AA'
- Suppose massive new sources of oil and coal are found within the economy, and there are major technological innovations in both industries. Which curve in the diagram would represent the new production possibilities curve? (Indicate the curve you choose with two letters.) CC'
- If BB' represents a country's current production possibilities curve, what can you say about a point like X? (Write a brief statement.)
this country's current production possibilities since it is outside the curve.
- If BB' represents a country's current production possibilities curve, what can you say about a point like Y? (Write a brief statement.)
A point like Y would be inefficient for this country.
