

## How to remove a student, teacher, or admin from a course

MathXL® for School

You can remove students from your course roster if they are no longer enrolled in your class. You may also remove section instructors from your course.

If a student moves from your course to another course then the student's name will be automatically removed from your course roster. However, if the student does not enroll in another course he remains in your gradebook roster until you take action. The same is true for a second or third instructor or an admin who has joined your course in the role of section instructor. That person's name will remain on your roster until you take action to remove him from the list.

Follow these steps to remove a student or section instructor from your course.

1. Go to the **Gradebook** and select **Edit Roster** from the **More Tools** drop-down menu.

The screenshot shows the 'Gradebook' interface. At the top, there are tabs: 'Manage Incompletes', 'Change Weights', 'Offline Items', 'Export Data', and 'More Tools'. The 'More Tools' dropdown menu is open, showing options: 'Add/Edit Student IDs', 'Clear Study Plan', 'Delete Results', 'Drop Lowest Scores', 'Edit Roster' (highlighted with a red circle), and 'Enable Access'. On the left, under 'View Results By', there are links for 'Assignments', 'Student Overview', and 'Study Plan'. In the center, there is a link for 'Performance by Chapter'. On the right, under 'Alerts', there are links for 'Inactivity' and 'Work needs grading (0)'.

2. Find the name of the student or teacher in the list and **uncheck** the box under **Active**. This moves the student or teacher to a separate area at the bottom of the roster labeled "Inactive."
