**Historic Cities of the Americas** David F. Marley, 2005-09-12 With rare maps prints and photographs this unique volume explores the dramatic history of the Americas through the birth and development of the hemisphere's great cities. Written by award-winning author David F. Marley, *Historic Cities of the Americas* covers the hard-to-find information of these cities' earliest years, including the unique aspects of each region's economy and demography, such as the growth of local mining, trade, or industry. The chronological layout, aided by the numerous maps and photographs, reveals the exceptional changes, relocations, destruction, and transformations these cities endured to become the metropolises they are today. *Historic Cities of the Americas* provides over 70 extensively detailed entries covering the foundation and evolution of the most significant urban areas in the western hemisphere. Critically researched, this work offers a rare look into the times prior to Christopher Columbus' arrival in 1492 and explores the common difficulties overcome by these European-conquered or founded cities as they flourished into some of the most influential locations in the world.

**Catalunya, 1714-2014** Agustí Alcoberro, Jordi Creus, Albert Estrada-Rius, 2014 Ara fa tres cents anys Catalunya va patir l'abolició de les seves lleis i institucions nacionals del seu estat propi. Aquest va constituir el desenllaç d'una guerra de gran abast que per a Catalunya va suposar finalment l'ocupació militar i la desfeta política. El llibre s'ocupa en primer lloc de la crònica i el balanç d'aquella tragèdia. Vol ser també una aportació al debat de present que avui exercim com a poble. En un moment com l'actual en què una inequívoca majoria de catalans aposten pel dret a decidir i per la llibertat de Catalunya.
