pediatric musculoskeletal and vascular conditions World class pediatric section on the care of neonates infants and children  
 Expanded chapters on the management of gynecologic and obstetric conditions and emergencies Updated information on  
 toxicologic and environmental emergencies Contemporary concise discussion of ED identification and treatment of opioid use  
 disorders Updated information on procedural sedation Expert advice on the management and care of transgender patients  
 Latest information available on neurologic and cardiac emergencies From the reviews of the seventh edition Collectively they  
 have once again produced an excellent text that manages to cover the broad scope of emergency medicine while remaining  
 an easily readable and practical resource Last for the inevitable comparison of this current edition of Tintinalli's Emergency  
 Medicine with other available emergency medicine textbooks available in my opinion Tintinalli's still comes out on top It is  
 more concise and easier to read than some yet it covers the breadth of emergency medicine practice more comprehensively  
 than others Just as previous editions did the seventh presents all of the most pertinent and up to date information in a well  
 organized format that is comprehensive yet easy to read That and many of the attractive new features in this current edition  
 will ensure its place on my bookshelf for years to come JAMA     Procedures Supplement for Fundamentals of Nursing,
