Need to Build Eboo Patel, 2022-05-10 You don't create societies by burning things down You create societies by building things From the former faith adviser to President Obama comes a fresh manifesto for those who seek to promote positive change and build a more diverse and just democracy The goal of social change work is not a more ferocious revolution it is a more beautiful social order It is harder to organize a fair trial than it is to fire up a crowd more challenging to build a good school than it is to tell others they are doing education all wrong But every decent society requires fair trials and good schools and that's just the beginning of the list of institutions and structures that need to be efficiently created and effectively run in large scale diverse democracy We Need to Build is a call to create those institutions and a guide for how to run them well In his youth Eboo Patel was inspired by love based activists like John Lewis Martin Luther King Jr Badshah Khan Mahatma Gandhi Mother Teresa Dorothy Day Abraham Joshua Heschel and Thich Nhat Hanh Their example and a timely challenge to build the change he wanted to see led to a life engaged in the particulars of building nourishing and sustaining an institution that seeks to promote positive social change Interfaith America Now drawing on his twenty years of experience Patel tells the stories of what he's learned and how in the process he came to construct as much as critique and collaborate more than oppose His challenge to us is clear those of us committed to refounding America as a just and inclusive democracy need to defeat the things we don't like by building the things we do **Cheers, Chants, and Signs** Jen
