Starting to Teach Latin Steven Hunt, 2016-02-11 This handbook for teachers provides both practical up to date guidance and a theoretical overview on a number of key topics in Latin teaching. Using a wealth of interviews, observations and pupil transcripts, Steven Hunt's title utilizes case study evidence of excellent practice in teaching and learning from a wide variety of institutions from outreach programmes, community schools and academies in the UK to New York Charter Schools, KIP schools and schools in Eastern Seaboard states in the USA. Offering practical advice on topics such as essay writing, teaching controversial topics including women, slavery, ethnicity and social hierarchy, making use of primary sources and using ICT to advance language skills, the book also engages with broader questions of approach and theory. These include a survey of the three main approaches to Latin teaching: grammar translation, communicative and reading approaches; explanation of cognitive and social approaches to learning; and analysis of the differences between intrinsic and extrinsic motivation. Moreover, traditional arguments about the value and purpose of

learning Latin at school level are re examined in the light of current educational thinking and government policy making This book is invaluable for trainees newly qualified teachers and more experienced practitioners looking for practical ideas and strategies to motivate and engage learners of Latin A companion website www.startingtoteachlatin.org is under construction and will contain a range of resources and information for teachers
