**iPhone 8 Advanced Guide** Thomas Anthony, 2018-05-03 The iPhone 8 is a huge step forward for the iPhone. It has glass on the front and the back to enable wireless charging; it has a Retina Display with True Tone technology to match the ambience around you; it has the most powerful chip ever put into a smartphone; and it comes in three new colors: silver, space grey, and gold. Brought to you by the expert team at Tap Guides and written by best-selling technology author Thomas Anthony, iPhone 8 Advanced Guide is packed with top tips and in-depth tutorials. You'll uncover the history of the iPhone's development from 2007 to 2017, learn about iPhone 8 features such as Portrait Lighting mode, discover how to use iOS 11 and its built-in apps, plus much more. By the time you've finished reading iPhone 8 Advanced Guide, you'll be pro in nearly everything iPhone and iOS related. Inside, you'll discover: The history of the iPhone; The new features of iPhone 8; Touch ID and 3D Touch; Detailed app tutorials; The secrets of mastering mobile photography; How to edit photos; Essential Settings and configurations; Troubleshooting tips.

**A World of Work** Ilana M. Gershon, 2015-11-25 Ever wondered what it would be like to be a street magician in Paris, a fish farmer in Norway, a costume designer in Bollywood? This playful and accessible look at different types of work around the world delivers a wealth of information and advice about a wide array of jobs and professions. The value of this book is twofold: For young people or middle-aged people who are undecided about their career paths and feel constrained in their choices, *A World of Work* offers an expansive vision. For ethnographers, this book offers an excellent example of using the practical details of everyday life to shed light on larger structural issues. Each chapter in this collection of ethnographic fiction could be considered a job manual. Yet not any typical job manual: to do justice to the ways details about jobs are conveyed in culturally specific ways, the authors adopt a range of voices and perspectives. One chapter is written as though it was a letter from an older sister counseling her brother on how to be a doctor in Malawi. Another is framed as a eulogy for a well-loved village magistrate in Papua New Guinea who may have been killed by sorcery. Beneath the novelty of the examples are some serious messages that Ilana Gershon highlights in her introduction. These ethnographies reveal the connection between work and culture, the impact of societal values on the conditions of employment. Readers will be surprised at how much they can learn about an entire culture by being given the chance to understand just one occupation.

**It Started with a Beeper** David Lopez Jr., 2021-03-12 *It Started With A Beeper* will take you through the ups and downs of the entrepreneur journey of David Lopez Jr. as he recalls it. A good lighthearted book for anyone wanting to read the real-life experiences of a business owner and potentially come away with a few laughs and life lessons.

that haven't been posted on social media or news sites but if it was a widespread issue we likely would have heard about it by now. Apple has said it is looking into the claims. Faulty smartphones' batteries receive a lot of attention these days due to Samsung Galaxy Note7 recall last year. Back in September 2016, reports began to emerge of Note 7s that were spontaneously catching on fire with photo evidence. But these are different problems. In Samsung's case, the issue was traced back to several manufacturing defects. In the most common instance, the negative electrode windings were bent within the battery assembly, causing internal short circuits. Other issues included improper welding, substandard separators, and missing insulation tape. In short, Samsung's vendors supplied them with faulty batteries, which weren't caught before they ended up in shipping phones. But while there's no evidence of iPhone 8 batteries causing any harm or property damage, a swelling smartphone battery is still cause for concern. Swelling can affect any lithium-ion or lithium polymer battery, and it can affect all products, not just smartphones. If your iPhone 8 or any other phone, tablet, or laptop shows signs of swelling, don't charge your device or try to puncture the battery. Take it to your nearest Apple Store, where they can properly dispose of it. This book will go a long way to help you.

**iPhone XR** Billie Douglas, 2019-08-18 REVISED GUIDE NEW STEP BY STEP GUIDE Are you looking to tap into the hidden potential of the iPhone XR? The latest phone from Apple is loaded with tons of amazing features. In order to unlock its power, you need an informative book. In this eBook, here's what you'll uncover: Advanced facial recognition features that are state-of-the-art and can be used in many secure ways. How the phone's durable, stunning, and top-notch construction provides so many benefits. The excellent Portrait Mode feature with Apple's thoroughly designed camera lens. More about its innovative A12 Bionic CPU and how it increases the phone's speed. Information about the Liquid Retina screen and how its colors are so apparent. The display with a 6.1 screen is the largest LCD on any iPhone. How it stacks up compared to other iPhones and that it costs less. More about its powerful iOS platform. And much more. Scroll up and click on the book's cover near the Look Inside text to get a sneak peek of what the book has to offer. Afterwards, go ahead and click Buy to learn how to unlock the great new features of this phone.
