Death Shift Peter Elkind,1990-05-01 Discusses the case of a pediatric nurse who was killing her young patients and a hospital administration that looked the other way until a few small town physicians brought her to justice **Precious Victims** Don Weber,Charles Bosworth,1992 Who would believe that a mother would kill her two week old baby That was why the police believed Paula s story of a kidnapper Then three and a half years later she said that she had lost another newborn to an intruder but this time the police searched until they found out the truth *On the Uncertainty of the Signs of Murder in the Case of Bastard Children* William Hunter,1784* **Parents Who Kill** Carol Anne Davis,2009-06 Goodbye, My Little Ones Charles Hickey,Todd Lighty,John O'Brien,2018-09-02 The true story of a murderous mother and five innocent victims With eight pages of photos Charles Hickey Todd Lighty and John O'Brien bring the story of a mother not fit for the title Waneta Hoyt s first baby died Then her second Then her third Nobody including her husband suspected Waneta Hoyt or stopped her from having more babies Then her fourth baby died Then her fifth And the famed medical expert declared they had died of sudden infant death syndrome and use them to support his theory that SIDS ran in families One man however did not accept the diagnosis District Attorney Bill Fitzpatrick set out to expose the truth about a crime hard to imagine To do so meant convicting a woman who had won the hearts of all And just disproving a doctor who had climbed to the top of his field with the help of little corpses Brace yourself for a true story of motherhood medicine and murder you will remember every time you hear a baby crying Infanticide Rachel Dixon (Lecturer in Law),2021-11 Infanticide examines medical expert evidence in infanticide cases focusing specifically on the shifting notion of certainty in medical testimony Beginning in the early modern period and concluding in the mid twentieth century it considers how courts determined whether an infant has died from natural causes or other reasons including violence This book will be of great interest to students and scholars Criminology Law and History *Always In Our Hearts* Doug Most,2000-04-15 Chronicles the 1996 neonaticide committed by upperclass New Jersey teenagers Amy Grossberg and Brian Peterson **American Infanticide** Clara S. Lewis,2025 Emile Weaver seemed like the perfect college student a studious athletic and popular sorority sister So why did she kill her newborn baby American Infanticide answers this question by situating Emile s tragic crime in a long intellectual and social history that reveals why our legal responses to infanticide are so deeply misguided *The Death of Innocents* Richard Firstman,Jamie Talan,2011-07-13 Unraveling a twenty five year tale of multiple murder and medical deception The Death of Innocents is a work of first rate journalism told with the compelling narrative drive of a mystery novel More than just a true crime story it is the stunning expose of spurious science that sent medical researchers in the wrong direction and nearly allowed a murderer to go unpunished On July 28 1971 a two and a half month old baby named Noah Hoyt died in his trailer home in a rural hamlet of upstate New York He was the fifth child of Waneta and Tim Hoyt to die suddenly in the space of seven years People certainly talked but Waneta spoke vaguely of crib death and over time the talk faded Nearly two decades later a district attorney in Syracuse New York was alerted to a landmark paper in the literature on Sudden Infant Death

Syndrome SIDS that had been published in a prestigious medical journal back in 1972 Written by a prominent researcher at a Syracuse medical center the article described a family in which five children had died suddenly without explanation The D A was convinced that something about this account was very wrong An intensive quest by a team of investigators came to a climax in the spring of 1995 in a dramatic multiple murder trial that made headlines nationwide But this book is not only a vivid account of infanticide revealed it is also a riveting medical detective story That journal article had legitimized the deaths of the last two babies by theorizing a cause for the mystery of SIDS suggesting it could be predicted and prevented and fostering the presumption that SIDS runs in families More than two decades of multimillion dollar studies have failed to confirm any of these widely accepted premises How all this happened could have happened is a compelling story of high stakes medical research in action And the enigma of familial SIDS has given rise to a special and terrible irony There is today a maxim in forensic pathology One unexplained infant death in a family is SIDS Two is very suspicious Three is homicide

Mommy's Little Angels Mary Lou Cavanaugh,1995 The story of Diane Lumbrera who murdered her own six children and the child of a relative uncovers the facts about the case revealing those who allowed her to go free and those who finally brought her to justice Original **While Innocents Slept** Adrian Havill,2001-01-10 In the 1980s Garrett Wilson s two children succumbed to Sudden Infant Death Syndrome In 1988 he was arrested for their murder **Sleep, My Child, Forever** John Coston,2016-10-18 The dark double life of Ellen Boehm the mother who murdered her two sons and nearly killed her daughter Ellen Boehm a single mom from St Louis Missouri appeared devoted to her children But in reality she was unequipped for motherhood financially strapped and desperate Within a year of each other her sons ages two and four died mysteriously and Boehm s eight year old daughter then suffered a near fatal mishap when a hair dryer fell into the girl s bath While neighbors wondered how Boehm remained so calm through it all Det Sgt Joseph Burgoon of St Louis Homicide had darker suspicions Burgoon soon unraveled a labyrinth of deception greed and obsession that revealed a cold blooded killer whose get rich quick scheme came at the cost of her children s lives Boehm had taken out insurance policies on her children with six different companies totaling nearly 100 000 Using police reports case documents and photos journalist John Coston recreates the events that led to one mother s unspeakable acts of filicide and a cop s relentless pursuit of the truth
