Lamour Fissionnel Le Nouvel Art Daimer Documents:

The New Laws of Love Marie Bergström, 2021-12-21 Online dating has become a widespread feature of modern social life In less than two decades seeking partners through commercial intermediaries went from being a marginal and stigmatized practice to being a common activity How can we explain this rapid change and what does it tell us about the changing nature of love and sexuality In contrast to those who praise online dating as a democratization of love and those who condemn it as a commodification of intimacy this book tells a different story about how and why online dating became big The key to understanding the growing prevalence of digital dating lies in what Marie Bergström calls the privatization of intimacy Online dating takes courtship from the public to the private sphere and makes it a domestic and individual practice Unlike courtship in traditional settings such as school work and gatherings of family and friends online dating makes a clear distinction between social and sexual sociability and renders dating much more discrete Apparently banal this privatizing feature is fundamental for understanding both the success and the nature of digital matchmaking Bergström also sheds light on the persisting inequalities of intimate life showing that online dating is neither free nor fair it has its winners and losers and it differs significantly according to gender age and social class Drawing on a wide range of empirical material this book challenges what we think we know about online dating and gives us a new understanding of who why and how people go online to seek sex and love

L'amour fissionnel Serge Chaumier, 2004-10-13 Le rapport de couple dans nos sociétés a profondément évolué sous l'effet de la tendance à l'individualisation de la revendication des femmes à l'autonomie et à l'égalité du droit la reconnaissance et l'expression d'une sexualité moins dissimulée au moins dans les discours de la dramatisation des relations extraconjugales et des séparations ou encore de l'implosion des structures familiales considérées jusque-là comme normales Le tiers fait peu à peu sa réapparition sur la scène de la conjugalité Alors que l'amour fusionnel prône son exclusion et chante l'autosuffisance comme idéal la caractéristique de l'amour fissionnel est au contraire de lui faire une place Toutefois celle-ci est variable selon les couples Il n'y a plus un seul modèle monolithique et unidimensionnel le propre des amours contemporaines est d'abriter une grande variété de liens tous revendiquant peu ou prou une forme d'ouverture C'est ce tournant dans la façon d'envisager nos relations affectives que nous sommes conviés à explorer au xx^e siècle À travers des témoignages des histoires de vie et des récits proposés par la fiction cinématographique Serge Chaumier cherche à cerner ces évolutions dans nos manières d'aimer et leurs conséquences sur les formes de la vie sexuelle et de l'erotisme invitant le lecteur poursuivre la réflexion

Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Lamour Fissionnel Le Nouvel Art Daimer Documents : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
