Mechanism of Control and Resistance in Jails and Prisons Salvador Jiménez Murguía,2018-02-19 Murguía explores food and foodways within institutions of incarceration Food like all resources within total institutions is vulnerable to social manipulation Within jail and prison settings food becomes both a mechanism of control and resistance In the former the type of food its quality its quantity and the symbolic significance of its presence or absence all contribute to the socio political experience of the incarcerated perhaps even adding an extra form of punishment to one s sentence not measured in time but rather in terms of cruelty In the latter the incarcerated may view the preparation of food the innovation it may undergo its consumption or even the refusal of its consumption along these same socio political lines Thus viewing food within jail and prison as social facts that engender real consequences reveals a virtually uncharted area of research for understanding the intersection between food and life within the confines of incarceration Of this line of inquiry Murguía asks how food is employed as a means to control prisoners and conversely how do prisoners employ food in the service of resistance As his analysis suggests this text emphasizes a need to advance a broader discussion about the diets of prisoners **The**

J.

Green,2015-08-14 *The Microwave Gourmet Cookbook* The central concept behind the Microwave Gourmet was to develop a list of recipes that all of us could use in a pinch when we want a delicious meal but are limited on time and materials Cooking

with microwaves is almost looked down upon by chefs and professionals in food preparation. People seem to have a predisposition to assume microwave food is fast and cheap as if to prepare food in a microwave damns that food to be mediocre and unfulfilling. We say: You're just not cooking the right things. Well, we're about to change all that. These are some of the most tasteful and enjoyable recipes we have experimented with and we think you'll really appreciate both the flavor and effortlessness of them. Will this book make you a food Genius? Perhaps it will. Will it give you decadent food weapons to use in a pinch? Definitely. How do we know this book really works? Because C J's brother is currently finishing up a 14 year sentence for conspiracy. C J wrote this book after his brother asked him for recipes he could use in a common microwave. So this is what C J developed with the help of many great chefs. But this book is for all of us in a bind or not. So if you know somebody who doesn't respect the power and capabilities a microwave take some of these recipes, create an incredible dinner and invite them over. Once they finish the meal sitting back with glee and bliss you can tell them you made this entire meal in a microwave. You will reign as culinary king or queen among the people. Here are just a few of the things you'll learn to prepare in short minutes: Entrees: Risotto, Enchiladas, Roasted garlic, Sour cream and onion veggie chips, Sweet potatoes, Ropa Vieja, Chicken Dumplings, Ratatouille, Macaroni Cheese, Lemon Horseradish, Sole, Loaded Baked Potato, Salmon en Papillote, Chicken Penne, Al Fresco, Fried Rice, Breakfast Egg whites and cheese breakfast sandwich, French toast, Scrambled eggs, Bacon, English muffins, Mason jar pancakes. Desserts: Toasted Nuts, Baked Apples in a Bag, Monkey Bread, Cinnamon Roll, Vegan Coffee Cake, Granola, Lemon bars, Peanut brittle, Mug cake, Chocolate peanut butter mug cake, Chocolate Chip Cookies. So let's begin. *Mad Dogs Favorite Prison Recipes* Daniel M. Allen, 2011-07-17

INTRODUCTION These recipes are the result of years of hard labor, personal risk and great treachery. To get these recipes involved savage coercion and brutality. Once I almost killed a man just to learn the secret of his fondue. And now for the first time ever I literally drag these guarded treasures from their steel lock boxes for your own pleasure and amusement. During my cruel retreat at Club Fed I observed two main types of eaters. The first and smaller group is the prison gourmets. These folks take great pride in cooking. Their delicious banquet spreads are part of a larger cultural ritual. Ethnic groups such as Latinos and Asians often celebrate a rich culture of good food that is carried over into prison life. Here it is a part of their regular social cohesion. To see this type of eater cooking is like watching a chef at work in a bistro. Producing a meal may take all afternoon and involve a small army of participants. They can be seen around the microwave stirring, taking a taste of this and adding a pinch of that. The result is extraordinary fare but there are downsides. Prison gourmets do not settle for the usual commissary items; they use special channels to get special ingredients. Utilizing contacts across the compound they come up with a full array of fresh meats, cheeses, vegetables and spices that others may have trouble getting. Their utensils and cookware are also contraband. Another downside for the average schlub is that this style of cooking takes a long time. The other common type of eater, the largest group, is the lazy uncreative fraternal type. These people just kick in whatever they have lying around and make a communal

pile The stuff is all blended together and doled out in bowls The typical ingredients are roast beef turkey log canned chili refried beans cheese spread and onions all melted over chips This nameless potluck comfort food is usually pretty good But it too has downsides It is easy for this style of cooking to become a big fiasco It is never clear who contributed what if anything and who is suppose to cook or clean Another problem is that people are not all hungry at the same time or for the same exact thing The potluck method gets old too After all it s just the same old ingredients reshuffled in differing volumes Aside from these few small objections there is nothing particularly wrong with either type of eater If either of these two scenarios appeals to you then federal prison is your dream come true On the other hand if you are independent and self sufficient with discriminating taste this book was written for you The overwhelming majority of ingredients described in this book are things that any federal inmate can legally purchase at their commissary A few of the items may not be widely available these are noted for your consideration Each recipe here was personally prepared often multiple times in order to fine tune every step Details were recorded in a simple yet scientific way for your convenience Finally a panel of very tasteful and elite inmate critics sampled each dish and gave honest almost caveman like opinions and suggestions Only those recipes which met broad favor were included Most of these items are very good many are quick economical and clever I know that you will carry these tricks with you back into the free world They will be fun to teach to your kids and use to impress your camping partners I hope that you enjoy sampling these goodies as much as I did extorting them from others Bon App tit Mad Dog Taste of Freedom John Francis,2020-01-02 Taste of Freedom is a book of recipes made for prisoners by prisoners Access to nutrient dense meals can be a challenge for the incarcerated Using the fresh and packaged foods provided by the prison inmates concoct various delicacies to share with you in this cookbook *Fine Dining Prison Cookbook 2* Troy Traylor,2020-08-29 Are you ready to be the talk of your unit or neighborhood and discover your creative side at the same time Well you can and it is both easy and fun Imagine making both delicious and impressive looking cakes pies spreads drinks snacks and dips that require nothing but a hot pot spoon bowl and patience No oven or refrigerator needed These recipes take prisoners back to the free world and help others see our world They will have you and others craving more Here are 250 exciting and fun ways to create whatever your craving for the day might be Maybe you are one of those people on the outside just wondering about those of us on the inside What do they eat What do they drink What do they snack on Or maybe you just want to try something new Well here it is You don t have to do the time but you can learn how to dine No matter what your reason s are for purchasing this book it is not a mistake Sound good so far If so you my friend have purchased the right book In these pages there are new ways and new ideas that you and your friends can and will truly enjoy No meal will ever be the same again All these recipes are easy to follow and creative Whether you are an experienced cook or new to this it does not matter There is a new taste on every page You must never have doubt again No more I can t or I wish I could You can Have yourself some fun and enjoy some good ole Fine Dining Prison Cookbook recipes Drinks Dips Cream Spreads Side Dishes Soups
