Parliament, 1905 Report of the Dominion fishery commission on the fisheries of the province of Ontario 1893 issued as an addendum to vol 26 no 7 Digitizing Flat Media Joy M. Perrin, 2015-12-16 Here is a concise guide to the nuts and bolts of converting flat media books papers maps posters slides micro formats etc into digital files It provides librarians and archivists with the practical knowledge to understand the process and decision making in the digitization of flat media Instead of having to learn by trial and error they will get a well rounded education of the practical aspects of digitization and have a better understanding of their options This is the stuff they don't teach you in school People can be lured into thinking that all it takes to digitize something is a scanner and some metadata This guide illustrates the practical aspects of digitization such as the physical challenges of scanning books without cutting the spine the differences between a scanner that uses a scanning head vs a scanner that uses a camera the different options for workflow for digitized items and the reasons for choosing one scanner over another for reasons other than price Digitizing Flat Media Principles and Practices is

intended to give librarians and archivists the benefit a seasoned digitization professional guiding them and helping them figure out exactly what needs to be done when Congressional Record United States.
