The Chance Factor: How Understanding Probability Empowers Smarter Living Critical Thinker Press, **Philomythus, an Antidote Against Credulity** Edwin Abbott Abbott, 1891 **Feasting on the Gospels--John, Volume 1** Cynthia A. Jarvis, E. Elizabeth Johnson, 2015-03-19 Feasting on the Gospels follows up on the success of the Feasting on the Word series with all new material on the most prominent and preached on New Testament books the four Gospels With contributions from a diverse and respected group of scholars and pastors Feasting on the Gospels covers every single passage in the Gospels making it suitable for both lectionary and nonlectionary use Moreover these volumes incorporate the unique format of Feasting on the Word with four perspectives for preachers to choose from for each Gospel passage theological pastoral exegetical and homiletical *The Essential Robert Duncan Milne* Robert Duncan Milne, 2025-01-23 This collection showcases the speculative writing of Scottish born and California based writer Robert Duncan Milne 1844-99 whose works mark him as one of the forgotten pioneers of early science fiction Hailed as the first full time science fiction writer in America this critical edition draws together the most expansive collection of his writing ever published and places his life works and themes into their historical literary and scientific contexts With his writing touching on nearly every subset of the genre including climate catastrophe utopia cryogenics molecular re engineering of the body personality transfer drone warfare remote surveillance and satellite phones this book offers an overdue correction to the science fiction canon Grouped thematically and with volume and story introductions that connect Milne's work to his peers and science fiction scholarship this is the essential guide to a crucially overlooked writer Astonishingly prescient and fulfilling the missing link in science fiction literary history that bridges the gap between the likes of Jules Verne and H G Wells Milne makes clear the often obscured contribution of both Scotland and California in the development of the science fiction genre Invasion of the Dead Brian K. Blount, 2014-01-17 Our world and our churches are neither sinful nor lost they are dead This dead world is the one that God engages and into which Jesus invaded with a radically different vision of life In this groundbreaking work based on his 2011 Yale Beecher lectures Brian K Blount helps preachers effectively proclaim resurrection in a world consumed by death Recognizing that both popular culture and popular Christianity are mesmerized by death and dying Blount offers an alternative apocalyptic vision for our time one that starts with a clear vision of life that obliterates death and reveals life's essence Blount explores the portrait and meaning of resurrection through the New Testament the Book of Revelation the letters of Paul and the Gospel of Mark and explores how to biblically and theologically reconfigure apocalyptic preaching for today With three illustrative sermons this book is an ideal resource to help preachers proclaim the power of resurrection **Deaf Life**, 1994 The Holy Spirit Charles C. Ryrie, 1997-04-05 All students of Scripture can benefit from this concise practical study of the person and work of the Holy Spirit All the doctrinal essentials are here clearly organized and explained by the renowned scholar who prepared the Ryrie Study Bible Avoiding confusion and trendiness Dr Ryrie sticks

uncompromisingly to the revealed Word of God to answer questions such as What is Spirit baptism What is the sin against the Holy Spirit What does it mean to be filled with the Spirit What about the spiritual gift of tongues What is true spiritual power This revised and expanded edition includes Two new chapters on contemporary issues related to the doctrine of the Holy Spirit new overview charts bird s eye views of complex issues handy subject and scripture indexes for quick reference and an updated selected bibliography for further study
