Mirrors And Windows 7th Grade Workbook:

Teach for Authentic Engagement Lauren Porosoff, 2023-07-28 Finding meaning vitality and community is the purpose of engagement and school itself Authentic engagement is a choice students make every day to bring themselves to their learning work and relationships rather than simply go through the motions of school It means sharing experiences asking questions trying new things making mistakes and allowing themselves to be seen heard and cared for It s an active choice that can lead to tremendous growth and satisfaction In Teach for Authentic Engagement Lauren Porosoff shows how to design instruction that lets students with diverse interests strengths needs identities and values connect to their learning Included are strategies tools and classroom anecdotes that help students Engage with the content so it becomes a source of meaning in their lives Engage with their work so it becomes a source of vitality Engage with each other so the class becomes a source of community It takes intellectual and emotional effort to teach in a way that fosters authentic engagement But when students feel connected to the content they engage with their work And when they feel like their learning matters they use that learning to understand and respect each other
