Lost And Found Stories:

Lost and Found Along The Way: Stories for Your Faith Walk from the Camino de Santiago Ron "Willie" Williams, 2021-09-06 The Camino or The Way to Santiago is a five hundred mile thirty three day walk across Spain's extreme conditions to reach the beloved Cathedral of Santiago. Ron Willie Williams walked The Way two and a half times a total of twelve hundred miles. Why? It is less about what he gains and more about what he loses along The Way: old behaviors, unforgiveness, and a tendency to play God. Journey with Willie through the chapters of *Lost and Found Along The Way* as he sheds these tendencies and in doing so finds a renewed, richer, and deeper faith. The first few chapters are narrative historical fiction portraying James in Acts 12:2 facing his execution along with supposed reactions from his loved ones. At the end of this narrative, we transition back to nonfiction with the discovery of James' gravesite some eight hundred years after his martyrdom. Willie then explains how the Camino pilgrimages began along the Camino, also known as The Way. No other nonfiction book offers such a unique back story of Saint James and the Camino. The following chapters, and the bulk of the book, follow Willie's own Camino journeys, present vivid descriptions of the geography on the trail, and historical background, provide readers with a nearly firsthand experience of The Camino de Santiago. True and dramatic faith walk stories demonstrate God's hand in people's lives and guide readers to dig deeper into their own spiritual life and get outside their comfort zone. The final chapter of *Lost and Found Along The Way* instructs fellow sojourners in how to follow Willie's example to strengthen their own faith and share it with those who have lost their own faith. **SOS Sagas: Missing - Stories Of The Lost And Found** Jenni Harrison, 2020 **Lost and Found in Translation** Martha J. Cutter, 2006-05-18 Starting with Salman Rushdie's assertion that even though something is always lost in translation, something can always be gained. Martha Cutter examines the trope of translation in twenty English language novels and autobiographies by contemporary ethnic American writers. She argues that these works advocate a politics of language diversity, a literary and social agenda that validates the multiplicity of ethnic cultures and tongues in the United States. Cutter studies works by Asian American, Native American, African American, and Mexican American authors. She argues that translation between cultures, languages, and dialects creates a new language that in its diversity constitutes the true heritage of the United States. Through the metaphor of translation, Cutter demonstrates writers such as Maxine Hong Kingston, Sherman Alexie, Toni Morrison, and Richard Rodriguez establish a place within American society for the many languages spoken by multiethnic and multicultural individuals. Cutter concludes with an analysis of contemporary debates over language policy, such as English-only legislation, the recognition of Ebonics, and the growing acceptance of bilingualism. The focus on translation by so many multiethnic writers, she contends, offers hope in our postmodern culture for a new condition in which creatively fused languages renovate the communications of the dominant society and create new kinds of identity for multicultural individuals. **Lost and Found** Jean Little, 1986 Lonely in a new town, Lucy finds a little dog and wants to
