powerful and too intrusive But don t blame just legislators and members of the executive branch for constantly overstepping  
their constitutional bounds As Clark Neily argues in The Terms of Engagement judges have more than their fair share of the  
blame While liberals seek court rulings creating positive rights to things like free health care and conservatives call for  
judicial restraint the end result is same greater government power and diminished individual rights With compelling real  
world examples and penetrating legal analysis Neily s book shows how judicial abdication brought us to this point and calls  
for judicial engagement to restore courts as the critical check on the other branches of government envisioned by the  
Framers Neily documents how courts have largely abandoned that vital role and he offers a persuasive solution for the  
epidemic of judicial abdication principled judicial engagement whereby judges actually judge in all constitutional cases
