Get Ready for Microbiology Lori K. Garrett, Judy Meier Penn, 2009. Helps readers quickly prepare for their microbiology course and provides useful materials for future reference. The workbook gets readers up to speed with chapters on study skills, math skills, microbiology terminology, basic chemistry, basic biology, and basic cell biology, before a final chapter that introduces students to microbiology. Each chapter includes a pre test, Your Starting Point, guided explanations, interactive practice exercises with answers explained, Time to Try, Picture This, Reality Check, quizzes with answers given, Quick Check, motivations for learning, Why Should I Care, and end of chapter cumulative tests with answers given at the back of the book. What did you Learn.

11th Hour Darralyn McCall, David Stock, Phillip Achey, 2009-05-06. The 11th Hour Series of revision guides have been designed for quick reference. The organisation of these books will involve students actively in the learning process and reinforcement of concepts. At the end of each chapter there will be a test including multiple choice questions, true/false questions, and short answer questions. Every answer will involve an explanation. Each book will contain icons in the text indicating additional support on a dedicated web page. Students having difficulties with their courses will find this an excellent way to raise their grades. Clinical correlations or everyday applications include examples from the real world to help students understand key concepts more readily. Dedicated web page there 24 hours a day will give extra help, tips, warnings of trouble spots, extra visuals, and more. A quick check on what background students will need to apply helps equip them to conquer a topic. The most important information is highlighted and explained, showing the big picture and eliminating the guesswork. After every topic and every chapter, lots of opportunity for drill is provided in every format: multiple choice, true/false, short answer, essay. An easy trouble spot identifier demonstrates which areas need to be reinforced and where to find information on them. Practice midterms and finals prep them for the real thing.
