Touchstone 4: Thinking Like a Historian Template

Complete the following template, including all parts. Fill out all cells using complete sentences.

Part 1: Change Over Time	
<i>Write down your selected topic and time period.</i>	The topic that I have selected for this touchstone is Technology and Innovation during the time period 1877-1920.
<i>Identify and describe something within your topic that changed over the selected time period, using specific historical evidence. (5-6 sentences)</i>	<p>An advancement in technology during this time period would be the telephone; patented by Alexander Graham Bell in March 7, 1876. The telephone rapidly became the preferred form of communication over the telegraph. This is thanks to many prior advancements like coal-powered electricity. With the ability to communicate over great distances now, this made the massive expansion of cities much more possible. Businesses were mainly the first group of people using the telephone, but by 1880, many were installed in people's private homes and by 1910 over five million of them were using Bell's telephone system.(Anderson, 2005)</p> <p>Anderson, J. Q. (2005). <i>Imagining the internet: Personalities, predictions, Perspectives</i>. Rowman & Littlefield.</p>
<i>Identify and describe something within your topic that stayed the same over the selected time period, using specific historical evidence. (5-6 sentences)</i>	<p>One thing that stayed the same over my time period is the train. Steam locomotives were first created well before 1877, but have fundamentally stayed the same over hundreds of years. The way the steam engine works is that it uses some form of combustible material, usually coal to create steam which powers the engines and turns the wheels. Trains in America were used to transport materials, mail, and people all across the country. They played a vital role that kept</p>
