## It Might Get Loud:

**Present Imperfect** Andrew van der Vlies, 2017-05-19 *Present Imperfect* asks how South African writers have responded to the end of apartheid to the hopes that attended the birth of the new nation in 1994 and to the inevitable disappointments that have followed. The first full length study of affect in South Africa's literature it understands disappointment both as a description of bad feeling and as naming a missed appointment with all that was promised by the anti colonial and anti apartheid Struggle a disappointment. Attending to contemporary writers treatment of temporality genre and form it considers a range of negative feelings that are also experiences of temporal disjuncture including stasis impasse boredom disaffection and nostalgia. *Present Imperfect* offers close readings of work by a range of writers some known to international Anglophone readers including J M Coetzee Nadine Gordimer Ivan Vladislavic and Zo Wicomb some slightly less well known including Afrikaans language novelists Marlene van Niekerk and Ingrid Winterbach and others from a new generation including Songeziwe Mahlangu and Masande Ntshanga. It addresses key questions in South African studies about the evolving character of the historical period in which the country now finds itself. It is also alert to wider critical and theoretical conversations looking outward to make a case for the place of South African writing in global conversations and mobilizing readings of writing marked in various ways as South African in order to complicate the contours of World Literature as category discipline and pedagogy. It is thus also a book about the discontents of neoliberalism the political energies of reading and the fates of literature in our troubled present.

Starting with their roots in Dublin in the late 1970s where the four teenaged friends first performed and signed with Island Records Snow follows the band through its debut album *Boy* their chart topping albums of the 1980s their record breaking tours and global activism of the 1990s and their reflective reconnection with core fans in the 21st century. With a new album and tour scheduled for release in 2014 *U2 Revolution* is poised to become the definitive work on a band that has stayed true to its beliefs and passions through meteoric success public controversy and an astounding forty year working relationship.

Growing Songwriting Associate Professor of Music Education Clint Randles, 2024-08-13 The history of music education over the past 100 years has centered on traditional band choir and orchestra models. Yet music education has always secured a prominent place in the curriculum when it captures the musical imagination of the masses and research has shown that more and more students are seeking alternative opportunities to engage with music. *Songwriting* is a 21st Century curricular offering that considers who we are as a society our desires our goals our passions. Most often songwriting occurs in Modern Band classes that are beginning to pop up all around North America and many parts of the world. This book provides curricular support for those efforts as we look to the present and future of music teaching and learning.
