The book then takes the reader through women in policing in the Eastern and Western Hemispheres featuring several countries within the major regions of the world. Major commonalities and differences are identified in the areas of recruitment training deployment promotion and violence against women. Among the key features of this book is a balanced coverage of historical and timely events that led to the current status of women police in their respective countries. The book identifies the commonalities that women police experience throughout the world relying on the most current research.
