Bakouche,2021-05-01 This book is a collection of reflections prompts tools and practical exercises to support your self discovery mental emotional physical well being and healing in a sustainable way What You ll Find Inside An introduction to the myths in our modern understanding of the chakra system and alternative ways of thinking 7 chapters based on the ancient wisdom of the chakras to anchor your reflections and healing in various topics like emotional awareness confidence or belonging Everyday challenges exercises to widen your understanding of your yoga practice and integrate seamlessly into your daily life Illustrations by artist Katya Uspenkaya Author s Note From a very early age I ve felt like the world was spinning too fast I was always playing catchup and going against my inner natural pace Yoga for me became a way to connect with my intuitive rhythm It has taught me again and again about what it means to simply be with myself and with the world around me After a while I started wondering if I could stay as present in everyday challenges and happenings as I was when I was moving and breathing in my asana practice I d started on a yoga mat but my practice never felt quite powerful enough to infiltrate all areas of my life Why was it so difficult to say no to things I didn t want to do when I d been learning about that in my physical practice Why would I not let myself flow in my creative projects as much as my breath during meditation This book is part of my journey of discovering how yoga can truly be a practice of every day every hour every minute It is a collection of my attempts at putting together building blocks of awareness so I always find pockets of connection whether I m sitting on a loud train cooking a meal or deep into my email inbox I hope you find comfort and ways to cultivate confidence through these pages May the reflections and practice build the freedom and intuition you need to let the wonderful practice of yoga take the shape it needs to serve you and your communities With love and curiosity Ely *Weaving emotions A journey to self-exploration*

Reabetswe Moabi,2024-08-16 One of society s main problems today is a lack of self love this is evident in the way most people live their lives sadly I was also part of the statistic The fact that I was not living life to the full bothered me in many

ways I was not running my own race I constantly compared myself to others I had not accepted myself for who I was and I had not taken full responsibility for my life I was merely alive and confused Although everything on the outside looked good I felt miserable I learned the hard way that what goes on inside us is more important than what people can see A lack of self love impacted most areas of my life negatively I knew something needed to change Once I had surrendered my life to God He helped me see my own value I started May to May My Journey to Self love with God to move my life in the right direction After discovering the 20 components that lead to self love my life has never been the same I could finally accept myself just as I was I am proud to say there is no other race I would rather run than my own I needed to love myself first so I could truly live
