Machiavelli Philosopher Of Power By Ross King:

Machiavelli Ross King, 2009-10-13 New York Times bestselling author Ross King's biography Machiavelli is a convincing portrait of one of the most misunderstood thinkers of all time The author of *The Prince* his controversial handbook on power which is one of the most influential books ever written Niccol Machiavelli 1469-1527 was no prince himself Born to an established middle class family Machiavelli worked as a courtier and diplomat for the Republic of Florence and enjoyed some small fame in his time as the author of bawdy plays and poems In this discerning biography Ross King rescues Machiavelli's legacy from caricature detailing the vibrant political and social context that influenced his thought and underscoring the humanity of one of history's finest political thinkers Provides a strong sense of the history of both the man and his times and a nice introduction to Machiavelli's writings Moreover like one of Machiavelli's bawdy plays it is a riveting and exhilarating read full of salacious details and brisk prose Publishers Weekly Starred Review An engaging revealing biography and a vivid portrait of a city state in turmoil Financial Times *Machiavelli's Legacy* Timothy Fuller, 2015-10-28 Niccolo Machiavelli's *The Prince* is one of the most celebrated and notorious books in the history of Western political thought It continues to influence discussions of war and peace the nature of politics and the relation of private ethics to public duties Ostensibly a sixteenth century manual of instruction on certain aspects of princely rule and behavior *The Prince* anticipates and complicates modern political and philosophical questions What is the right order of society Can Western politics still be the model for progress toward peace and prosperity or does our freedom to create our individual purposes and pursuits undermine our public responsibilities Are the characteristics of our politics markedly different for better or for worse than the politics of earlier eras Machiavelli argues that there is no ideal transcendent order to which one can conform and that the right order is merely the one that has the capacity to persist over time *The Prince*'s emphasis on the importance of an effective truth over any abstract ideal marks it as one of the first works of modern political philosophy Machiavelli's *Legacy* situates Machiavelli in general and *The Prince* in particular at the birth of modernity Joining the conversation with established Machiavelli scholars are political theorists Americanists and international relations scholars ensuring a diversity of viewpoints and approaches Each contributor elucidates different features of Machiavelli's thinking from his rejection of classical antiquity and Christianity to his proposed dissolution of natural roles and hierarchies among human beings The essays cover topics such as Machiavelli's vision for a heaven sent redemptive ruler of Italy an argument that Machiavelli accomplished a profoundly democratic turn in political thought and a tough minded liberal critique of his realistic agenda for political life resulting in a book that is in effect a spirited conversation about Machiavelli's legacy Contributors Thomas E Cronin David Hendrickson Harvey Mansfield Clifford Orwin Arlene Saxonhouse Maurizio Viroli David Wootton Catherine Zuckert **Machiavelli for Moms** Suzanne Evans, 2014-04 Counsels parents on how to manage a rambunctious family sharing the author's successes with experimenting with such tactics as instilling a fear of consequences withholding

unnecessary details and using gentle manipulation **Engaging Nature** Peter F. Cannavò, Joseph H. Lane Jr., 2014-12-19 Contemporary environmental political theory considers the implications of the environmental crisis for such political concepts as rights citizenship justice democracy the state race class and gender As the field has matured scholars have begun to explore connections between Green Theory and such canonical political thinkers as Plato Machiavelli Locke and Marx The essays in this volume put important figures from the political theory canon in dialogue with current environmental political theory It is the first comprehensive volume to bring the insights of Green Theory to bear in reinterpreting these canonical theorists Individual essays cover such classical figures in Western thought as Aristotle Hume Rousseau Mill and Burke but they also depart from the traditional canon to consider Mary Wollstonecraft W E B Du Bois Hannah Arendt and Confucius Engaging and accessible the essays also offer original and innovative interpretations that often challenge standard readings of these thinkers In examining and explicating how these great thinkers of the past viewed the natural world and our relationship with nature the essays also illuminate our current environmental predicament Publisher **The Art of Strategy** Owen E. Hughes, 2021-05-13 Strategy is best understood not as a science but as an art one of universal applications that transcend situation or historical context The principles that were successful in war and politics through history can have real and demonstrable applications in business and management Here professor of strategy Owen Hughes helps practitioners and students to draw those parallels and to develop a profound and holistic understanding of strategy that will help them plan for and achieve success Describing strategy as an intersection of five facets purpose capability will terrain and tactics Hughes draws from colourful and dramatic examples from history and clearly demonstrates how these tactics might be applied in your own life and work This book is an ideal strategy text for any practitioner lecturer or student who tires of familiar strategy frameworks with limited scope **Machiavelliana** Michael Jackson, Damian Grace, 2018-06-05 In Machiavelliana Michael Jackson and Damian Grace offer a comprehensive study of the uses and abuses of Niccol Machiavelli s name in society generally and in academic fields distant from his intellectual origins It assesses the appropriation of Machiavelli in didactic works in management social psychology and primatology scholarly texts in leaderships studies as well as novels plays commercial enterprises television dramas operas rap music Mach IV scales children s books and more The book audits surveys examines and evaluates this Machiavelliana against wider claims about Machiavelli It explains the origins of Machiavelli s reputation and the spread of his fame as the foundation for the many uses and misuses of his name They conclude by redressing the most persistent distortions of Machiavelli *Machiavelli* Cary J. Nederman, 2009-01-13 An introduction to the life and philosophy of Italian statesman Niccol Machiavelli that explores his careers as politician and author and discusses his thoughts on heavens nature innovation violence law security liberty reception and reputation *History and Historians* Mark T. Gilderhus, 2010 For undergraduate and graduate courses in Historiography Philosophy of History and Historical Methods Also an ideal supplemental text for Western Civilization and Intellectual History courses A
