Mark Scheme for June 2016

OCR (Oxford-Cambridge and RSA) is a leading UK awarding body, providing a wide range of qualifications to meet the needs of candidates of all ages and abilities. OCR qualifications include A-LEVEL, GCSEs, GCEs, GCSEs, Cambridge Nationals, Cambridge Technicals, Functional Skills, Key Skills, Entry-Level qualifications, NVQs and vocational qualifications in areas such as IT, business, languages, teaching/training, administration and secretarial skills.

It is also responsible for developing new specifications to meet national requirements and the needs of students and teachers. OCR is a not-for-profit organisation; any surplus made is passed back into the establishment to help towards the development of qualifications and support, which keep pace with the changing needs of today's society.

This mark scheme is published as an aid to teachers and students, to indicate the requirements of the examination. It shows the basis on which marks were awarded by examiners. It does not indicate the details of the discussions which took place at an examiners' meeting before marking commenced.

All students are instructed that alternative correct answers and unexpected aspects in candidates' scripts must be given marks that fully reflect the relevant knowledge and skills demonstrated.

Mark schemes should be read in conjunction with the published question papers and the report on the examination.

©2011 will not enter into any discussion or correspondence in connection with this map scheme.
